

## LUTHER NICHOLS AND M'GREGOR IN CITY FOR FERGUSON

CANDIDACY OF FORMER GOVERNOR NOT PLACED BEFORE HUNDREDS OF DEMOCRATS.

Hon. Luther Nichols of Dallas, former assistant attorney general under Ben F. Looney and former campaign manager of Joseph Weldon Bailey, spoke in Cameron Tuesday night in behalf of the candidacy of James E. Ferguson for United States Senator. Mr. Nichols, prominent in Texas politics and a good public speaker placed the candidacy of the former governor before more than five hundred democrats on the court house lawn where the meeting was held. He was introduced by W. W. Chambers a supporter of Chas. Culberson in the July primary. Mr. Nichols reviewed the administration Governor Ferguson and his efforts in behalf of the common people of Texas.

T. H. McGregor former state senator and candidate for Governor in 1920 on the American party ticket which was headed by Ferguson for president, spoke here on last Thursday night to about 1000 people gathered on the court house lawn, in behalf of the former governor now a candidate for the United States Senate.

In presenting the candidacy of Mr. Ferguson the speaker, one of the celebrated orators of the South pictured the efforts of the former governor in behalf of the common people, criticized Earle B. Mayfield and scored the Ku Klux Klan. Mr. McGregor was introduced by W. W. Chambers who presided at the meeting.

Mr. McGregor was frequently cheered in brilliant flights of oratory. Ferguson's work in behalf of the rural school children of Texas, his administration of the eleemosynary institutions of the state and the fact that he kept faith with the people of Texas were stressed by Mr. McGregor as abundant claims for suffrage now that the former governor is a candidate for the Senate.

In criticizing the Ku Klux Klan Mr. McGregor, a deep student of law and government, sought to show the conflict between civil government and the invisible empire, and declared the Klan to be a menace to both civil and religious liberty.

Supporters of Mr. Ferguson led by W. W. Chambers here are making a determined effort to carry the county for the former governor in the run-off primary August 26. Mr. Ferguson carried the county by a substantial plurality in the July primary.

## CAMERON WOODMEN ATTEND GALVESTON ANNUAL MEETING

CAPT. AUG. HORSTMANN LEADS DELEGATES TO PORT TOWN FOR CONVENTION.

Eighteen Woodmen from the Cameron Camp attended the reunion held in Galveston last week led by Capt. August Horstmann.

The district encampment, the first meeting of the uniform rank of the Woodmen of the World to be held in Texas for six years was held beginning on August 14th, and closing the 19th.

The last encampment was held in Wichita Falls. At that meeting 3200 were present but only about 625 attended the Galveston meeting.

The camp was held in Menard Park. Those who attended from Cameron were August Horstmann, Dan Gunn, W. A. Henrichsen, Robert Weems, Henry and John Dieser, Archer McLerran, R. D. Roden, Herbert Smith, Carl Black, T. E. Key, Hal Harris, J. E. Harris, J. B. and J. E. Richards, Ben Britton, Ernest Moseley and Henry Johns.

The delegates left Cameron Saturday night on the Santa Fe, arriving in Galveston Sunday, returning to Cameron Friday night.

## STATUTE IS CITED ON QUALIFICATION FOR PRIMARY VOTE

COMMITTEE EXPRESSES HOPE LIBERALITY WILL BE EXTENDED VOTERS DESPITE RECORD.

In a letter of instruction to election judges over the county Chairman Gillis, being unanimously instructed by the committee expresses the hope that voters will not be challenged despite their failure to support the Democratic nominees in the 1920 election when they go to the polls on next Saturday.

These instructions are based on the fact that a liberal test was given in the July primary and all who voted in good faith, it is hoped will not be challenged. The statute governing the qualifications says that no voter who failed to support the Democratic nominees two years ago may vote if challenged unless a proper affidavit can be made.

These voters were not barred from the July primaries despite the fact that the state committee ruled them out. The liberal test was adopted in the interest of the party and all who will may come back to the party ranks.

Following is the letter to the judges:

Cameron, Texas, Aug. 22 1922.

Dear Sir:

Since sending out my letter of instructions of date August 22, 1922, my attention has been officially called to Article No. 3174 of the Revised Statutes of Texas relating to qualifications of voters in primaries where candidates for U. S. Senators are voted for and also to opinions of the Attorney General's Department construing said Article.

A special meeting of the Milam County Democratic Executive Committee called today for the purpose of considering the matters above set out has directed me to submit to you for your guidance in holding the primary election on August 26th, 1922, the following additional instructions: "Art. 3147 of the Revised Statutes of Texas provides that no person shall be qualified to vote at any primary election unless he is a bona fide member of said party and if he voted in the preceding general election held for the election of State officials, he voted for the nominees of the party whose ticket he desires to vote. Upon making such an affidavit he shall be permitted to vote. (Id. sec. 35-)"

The two opinions of the Attorney General's Department in construing the Article above quoted held that a person challenged on his vote as to senator would not be qualified to vote for any other candidate on the ticket if the challenge is sustained, because of failure to make the required affidavit.

The Committee unanimously instructs me to say further that inasmuch as this Committee adopted a liberal test for the July 22nd primary and in response thereto many voters who had not supported the Democratic nominees in the general election of 1920 participated in said primary in good faith, that this Committee hopes that said voters will be permitted to vote in the August 26th primary without challenge.

Respectfully,  
W. G. GILLIS,  
Chairman Milam County Democratic Executive Committee.

Miss Adeline Caldwell of San Antonio was in Cameron Friday of last week to visit relatives. Miss Caldwell formerly resided in Cameron and her many friends here welcome her visit to the old home town.

## LONE BANDIT IN GUN HOLDUP IN CAMERON

A lone bandit, a white man, with mask and gun, entered the office of the Cameron Water Power & Light Company about 8 o'clock Saturday night and took \$165 from Hayden Lawrence who was closing the business for the day and had counted the money to bring to the safe at the main office up town.

The man stepped quickly into the door and with gun leveled told Mr. Lawrence to throw up his hands. The bandit then took the money bag and with the courteous "Thank you," went

out the door and disappeared in the gathering darkness.

Alarm was spread but up to this hour no trace has been found of the bandit. This is the first masked gun robbery in Cameron in many years and considerable interest was manifested following the hold up.

The money was in silver, currency and checks. Close watch is being kept to trace the checks if they are returned to the local banks for collection.

## Sparks Scores Ferguson In Campaign Address

Sam Sparks, former state treasurer, spoke here Friday night in behalf of Earle B. Mayfield, candidate for United States Senator. Mr. Sparks was former sheriff in Bell county and has made many campaign addresses in Cameron.

Threatening weather prevented attendance and the crowd though small was responsive, cheering the speaker in his defense of Mayfield and attacks on Jim Ferguson.

Judge W. G. Gillis, presided at the

meeting and introduced the speaker. Judge Gillis supported Cullen Thomas in the primary.

Mr. Sparks reviewed the record of Ferguson as Governor and displayed the details of the impeachment of Jim and told of the misappropriation of state funds and his liquor record.

Mr. Mayfield, he said should be elected because of his stand for prohibition, federal reserve act and the League of Nations.

### "PIONEER WOMEN OF TEXAS."

The part played in the early settlement and development of Texas is told by Dr. Jarrett D. Law in the Herald Magazine Section, which will be published Sept. 14th. This story is interwoven with deeds of valor, privations, trials and triumphs. Be sure to read the story and then be thankful that you are now living in such a grand old state as is the Texas of today.

Subscribe for the Herald and keep posted on county and state local affairs.

### TEACHERS' EXAMINATION

The next examination for teachers' certificates will be held in Cameron on Friday and Saturday, September 1 and 2. The usual fee will be charged and the former schedule of subjects will be followed.

Any teacher desiring a copy of the text book on Reading, or Methods and Management can secure the book from Chas. Sprott of Cameron, Texas.

Very respectfully,

Jim F. Chadwick,  
County Superintendent.

New season's hulls \$11.00 and meal \$2.40 at Oil Mill.

## Thanks City for Playground Equipment in Cameron Park

The ladies of the Civic League wish through the columns of your paper to extend their appreciation and heartiest thanks to Mayor White and the board of Aldermen for their purchase of playground apparatus for the park, making our park one of the best equipped in the state for the healthful enjoyment of the children.

If there should be any doubt of the children's appreciation, one glance at the park any afternoon will show conclusively that they are not backward about enjoying their new treasures.

The ladies of the league would like to ask as many mothers as can to accompany their children to the park, to be with them in their play, to preserve order, to help to protect the ap-

paratus and all other property from wilful destruction.

Children, unless carefully watched and taught will sometimes deface public property, so let every citizen of Cameron have a hand in helping to preserve and care for the park remembering that it is a worthy inheritance and valuable indeed.

The ladies of the league, though working for long years to maintain the park, preserve the trees, protect the grounds and repair the drains still admit that alone they cannot hope to keep the park in its best condition, they respectfully ask the Cameron people to help them in every way possible to stop destruction wherever seen and to help preserve order.

Mrs. W. A. Morrison.

## DEMOCRATIC PRIMARY BALLOT

For United States Senator:

EARLE B. MAYFIELD,  
Bosque County.

JAMES E. FERGUSON,  
Bell County.

For Lieutenant Governor:

COL. BILLIE MAYFIELD, Jr.,  
Harris County.

T. W. DAVIDSON,  
Harrison County.

For State Treasurer:

C. V. TERRELL,  
Wise County.

GEORGE G. GARRETT,  
Dallas County.

For State Superintendent of Public Instruction:

S. M. N. MARRS,  
Travis County.

ED. R. BENTLEY,  
Hidalgo County.

For Associate Justice Court of Civil Appeals Third Supreme Judicial District:

M. B. BLAIR,  
Bell County.

J. K. BAKER,  
Coleman County.

## INTEREST RENEWED IN MILAM COUNTY DEEP TEST AREA

MINERVA STILL SHOWING PRODUCERS—POSEY LEASES SELLING.

That Milam county is now in the limelight and is getting the notice of all the big companies who have been watching the development in this territory is proven by the large number of representatives of these concerns that have been seen in the field the past week.

The bringing in of an other wildcat field at Kosse, makes the oil situation more interesting than ever here. The Kosse field is 35 miles airline from the location of the Posey well. Production in the Humphreys-Jones number one was found at 3715 feet in what is believed to be the Trinity sands, although some geologists say it is the Edwards limestone, however it is a pay sand that carries large production and the same production is looked for in the Milam county field.

The S. A. Guiberson, Jr., L. N. Posey number 2 well has spudded in and the big rotary is going round and round. It is said that the well will be drilled to the sand in which the large gas flow was encountered in the number one well several weeks ago. The number one well will no doubt be drilled very shortly to the level at which the Kosse field was discovered. It is rumored that all of the wildcat wells in the county will be getting busy as soon as possible.

The shallow field at Minerva continues to record producers, three wells are in the process of completion this week. They are the number 7 Rountree of the Tidal Oil Company which has set casing in cement at something around 700 feet, the Hefley, McIntosh and Thomas number three McClellan, which is setting casing in the gumbo, and the House & Baggett number four Henry, which is drilling in. A number of deals are pending in the shallow territory which are not ready for publication yet. There has been no change in the price of crude, either way the past week. The operators are marking time waiting for the unexpected to happen. Pipe line runs for the week were around 300 barrels daily.

Leasing in the vicinity of the Posey well has been revived again.

### MAYFIELD CLUB FOR WOMEN ORGANIZED.

A woman's Mayfield club was organized in Cameron Monday afternoon at the City Park to work in the interest of the candidacy of Earle B. Mayfield for United States Senator.

Mrs. Joe Lindsey was elected president; Mrs. Chas. Price secretary; Mrs. Wm. Cobb, chairman finance committee; Mrs. Delia Kennedy, chairman publicity committee.

About seventy-five women were enrolled at the organization meeting. Rev. Ira F. Key called the meeting to order and assisted in the organization of the women. Others who addressed the meeting was Mrs. Baird of Houston.

In addition to the Cameron organization Mayfield clubs have been formed all over the county.

It is estimated that approximately 275 members have been obtained in Cameron.

A whirlwind finish campaign in behalf of Mayfield is planned by the women. It is estimated that more than a thousand members have been obtained in the county for the Mayfield organization.

The men voters have not organized a Mayfield club and owing to the limited time will not do so, it is believed, but considerable work has been done in behalf of the rail commissioner for Senator.

### MINERVA GIN FIRE.

Wednesday afternoon the gin at Minerva caught fire from what is believed to have been matches in the cotton and for a short time it was feared the gin would burn. Quick work of the citizens saved the plant. John Wallace desires to express his thanks through the columns of the Herald for the timely aid of the citizens in putting out the fire.

## LOONEY NOMINATION PLEASING DECLARES GOVERNOR PAT NEFF

WRITES COLONEL EXPRESSING GRATIFICATION AT HIS ELECTION IN MILAM.

In a letter to Col. Ike Looney here Governor Pat Neff expresses gratification over the election of Mr. Looney and looks forward with pleasure to their work in the coming legislature.

Mr. Looney in discussing his coming service at Austin declares he is going to put up a vigorous fight for the interests of the people as was his policy during the last legislature. The following is the letter from Governor Neff:

Hon. Ike Looney,  
Ben Arnold, Texas.

Dear Looney:

Many pressing duties have prevented me from earlier expressing to you my appreciation of the fact that you will return to Austin as a member of the House of Representatives next year. I was indeed happy to note your re-election.

I am very much gratified in knowing that you will again be one of my co-workers in this co-ordinate branch of the Government. Knowing you as I do, I feel confident that our association will be pleasant in every way, and that we will work together in an effort to do some real constructive, worthwhile things for the people of Texas. I trust that you will count me as one of your good friends and well wishers, and that you will not hesitate at any time to call on me, when and where you think I can be of service to you, personally, politically or otherwise.

Looking forward with pleasure to our work during the coming year, and with highest personal regards, I am cordially and sincerely,

Your friend,  
PAT M. NEFF.

## THORNDALE STOCK RAISER IS FIRST TO ENTER EXHIBIT

WILL SHOW FAMOUS CHICKENS AND HOGS AT COUNTY FAIR IN CAMERON.

A. K. Campbell of Thorndale breeder of Single comb Rhode Island Red Chickens and Poland China hogs, in the following communication has listed as the first producer the stuff he will have on show at the county fair on September 29 and 30.

Mr. J. B. White, Cameron, Texas.

Dear Sir:— Sometime back I noticed your request that the members of the Livestock and Poultry Association wishing to enter stock in the show to enter them soon.

I will try to list below a part of the stock and poultry I wish to show. I will show 2 pens, one old and one young, also 5 cockrels or more all of the S. C. R. I. Reds.

I offer as a special to the person winning the 1st cock bird of the show \$5, for the 1st cockrel and 1st pullet one setting of eggs from my best chicks. This of course only includes the S. C. R. I. Reds. I also offer one setting of eggs for the best S. C. Red cockrel hatched from eggs bought of me.

I will not offer any specials on my Poland China hogs just now, but will enter 4 or 5 good ones from my herd.

I wish to thank you for the good service you are doing our association, also for those good letters you have been writing the Champion and am sure through your able help we are going to pull off one of the best county shows that has ever been held in Central Texas.

With all good wishes to you and yours, I am your friend,  
A. K. CAMPBELL.

Mr. C. L. Reynolds and little son, and Mrs. W. W. France of Temple drove over Tuesday to spend a few days with Mr. Reynold's mother, Mrs. Delia Kennedy.

# SOCIETY and Club

By MRS. W. A. GILLON

## ANNOUNCEMENT PARTY IN BEN ARNOLD AUG. 19.

Last Saturday morning Mrs. Homer Gunn entertained at a "42" party in honor of Miss Ann McClendon, whose marriage to Mr. Edwin York of Cameron, was announced on this occasion. After a number of interesting games had been played a delicious luncheon was served. On each plate was a beautiful red flower to which streamers were attached. These streamers led the guests to various parts of the house where little red hearts were found on which were written the names of the couple and the date, September 6. Those attending from Cameron were Mrs. Tom Denson, Misses Pauline Hardy, Olive McGehee and Nell Du Bois.

## KILKARE-SIGMA PHI.

This club met at the home of Miss Clara Thomas last Friday afternoon in business session.

The matter in hand was a discussion of how to honor and entertain one of their popular members, Miss Estelle Coleman, whose approaching marriage prompted the loving courtesy.

A Good attendance was there and it was decided to give a banquet at the Auditorium Hotel on this Friday night.

A full account of the banquet will be given next week.

## NEIGHBORHOOD PARTY.

Monday afternoon Mrs. J. M. Ralston entertained a few of her neighborhood children in honor of her nephew, Forest Lee Andrews of Houston. All wore tacky costumes and had a general good time playing games on the lawn. To the surprise of all, a big birthday cake was brought out containing twelve emblems; such as, ring, anchor, dime, four-leaf clover, button, etc. Mrs. Ralston was assisted by Mrs. J. C. Martin in serving delicious ice cream and cake.

## CAMP CROWD ENTERTAINED.

Last Tuesday night Dr. and Mrs. Tom Denson, who chaperoned the camp in the Wilson-Ledbetter park, entertained the crowd on a picnic in honor of their guest, Miss Pauline Hargett, of Arlington.

The crowd drove out to the park about sunset. They played games, cracked jokes and enjoyed a most delightful picnic supper, returning to town about ten o'clock.

## BUFFET LUNCHEON.

Miss Pauline Green entertained Tuesday evening at seven o'clock at a buffet luncheon in honor of the visiting girls, Miss Mary Ella Pace of Haskell, Flora Streetman of Houston and Alice Lucile Garrison of Galveston. The centerpiece on the dining table was a bowl of queen's wreath and perenial phlox.

Fifteen girls enjoyed the following delicious menu: Chicken salad, stuffed tomatoes, cheese balls, peas in ramkins, chipped potatoes, pear salad, iced tea, orange sherbert and angel food cake.

At eight o'clock the girls were joined by the boys and went to a box party at the New Heffley theatre.

## BAPTIST AUXILIARY.

Circle number one met with Mrs. O. L. Kidd, who led in the mission study Royal service.

The six members present were served ice cream and cake.

Circle number two met with Mrs. S. M. Burns, Sr. Mrs. Heath led in the mission study. There were nine members present.

Mrs. Burns served sherbet and cake.

Circle number three met with Mrs. Bigbee. Mrs. Shephard led the lesson for the day. There were eight members present.

The hostess served ice cream and cake.

Circle number four had no meeting this week.

## BAND CONCERT.

The Band Concert was well attended last Friday night and all reported a pleasant evening. It is hoped that more people will be out tomorrow night. The park is cool and one can enjoy the pool after the concert.

The program for tomorrow night will be of a lighter nature. Two popular numbers will be played and only two heavy selections. Medley "Overture-Yankee Hash" will be the feature selection. Parts of "America," Star Spangled Banner, Dixie and Old Folks at Home are intermingled

## LADIES MEETING FRIDAY NIGHT

### MAYFIELD CLUB WILL HAVE RALLY AT THE CITY PARK.

The Herald is requested to announce that the ladies of Cameron and vicinity will hold a Mayfield rally at the City Park tomorrow night. Short speeches will be made and a large attendance is forecast.

### W. C. T. U. ASKS DEFEAT OF JIM FERGUSON.

Austin, Texas, Aug. 21.—Interest of National W. C. T. U. leaders in the prohibition results of the Texas Senatorial race was shown by telegram sent to the State W. C. T. U. President, Mrs. Claude De Van Watts of Austin by Mrs. Lena Lowe Yost, National Superintendent of Legislation of the W. C. T. U. Mrs. Yost said: Women of America believing in prohibition now the fundamental law of the land are looking to voters of Texas to nominate and elect a United States Senator who will oppose modification of prohibition laws to permit wine and beer such modification would mean nullification let Texas stand true.

Mrs. Claude De Van Watts replied to this message, saying: "Our cause is in jeopardy. The enemy has risen with renewed energy and is challenging us in every section of Texas. The Texas W. C. T. U. is calling upon all its women and friends of prohibition to vote true and solidly to defeat James E. Ferguson who is the recognized friend of the liquor traffic and send to the United States Senate a man who is irrevocably committed to prohibition and the protection and strengthening of prohibition laws."

### LEGION REPRESENTATION OUTLINED BY ADJUTANT.

Waco, Texas, Aug. 23.—The basis of representation of all local American Legion Posts in Texas, to the State Convention at Waco on Sept. 11th, 12th, and 13th, has been announced by State Headquarters here as two delegates at large for each of the 370 posts, with an additional delegate for each twenty-five member-

ship above fifteen. On this basis there will be about two thousand delegates in attendance on the convention proper, but it is estimated that those who attend the Ladies Auxiliary Convention and the Divisional Reunion announced for the same dates, at least 5,000 visitors will be in the city.

The hotels have pledged themselves to maintain normal rates and accommodations will be available at rates running from 50c for a cot to \$3.00 for room with bath. Plans are also afoot for the establishment of a camp with equipment borrowed from the National Guard where the ex-soldiers can rough it using army tents, cots and blankets, and perhaps an open mess which can furnish meals at "two-bits" each.

The entertainment for "men only" will feature some good fights, a battle royal and wrestling contests. A big community dance, with plenty of pretty girls, a barbecue and water melon feed will develop something of interest for every day that the veteran are in the city.

Special railroad rates of one and one-half fare for the round trip have been granted and certificates will be issued to all members of the Legion and the Auxiliary thru the local posts over the state.

### ICE CREAM SUPPER.

There will be held an ice cream supper at North Elm Baptist church next Saturday night August 26th, for the benefit of the church.

Everybody cordially invited to attend.

Willard Chapman.

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning, to flush from the system the previous day's waste, four fermentations and poisonous toxins before it is absorbed into the blood. Just as cool when it burns, leaves behind a certain amount of incombustible material in the form of biliousness, acid stomach or constipation, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to carry only nourishment to the body.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleans, brightens and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexions, also those who wake up with a coated tongue, bad taste, nasty breath, are those who are bothered with headaches, biliousness, acid stomach or constipation. A quarter pound of limestone phosphate begins this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## NOTICE

I have phone No. 569. When you need me for tin and plumbing work, also when you want milk, butter or eggs phone me.

P. L. MARBURGER.

## NEGRO VOTES FOR FERGUSON SCORED BY MAYFIELD

BEAUMONT HEARS RAIL COM-  
MISSIONER LAMBAST JAS.  
E. FERGUSON.

Beaumont, Texas, Aug. 21.—Earle B. Mayfield opened the final week of his senatorial campaign in an address here tonight with a smashing drive against the campaign of personalities injected by James E. Ferguson, his opponent.

"The issues are clearly drawn," he declared, "and in next Saturday's primary, you the voters of Texas will be called upon to say who will serve you in the U. S. Senate—A man pledged to strengthening and to enforcement of national prohibition laws, or a man pledged to weaken and tear down this law, to shatter respect of law enforcement.

"The issue is between selection of a friend of union labor or a man who has been branded for his official acts, by a signed statement of the Palestine Labor and Trades council as 'giving aid and comfort to enemies of organized labor,' Mr. Mayfield declared.

"You are called upon to say whether or not you will cast your ballot alongside those of 3,500 negroes who were voted at San Antonio to help Ferguson get into the second primary. Will you vote for a man who uses these votes to balance those of law-abiding citizens of Texas.

"You are called upon to express your choice as between a platform on the one hand devoted to a serious discussion of the big national issues which your Senator will have to face, and on the other with a mud-slinging attack of personal abuse and attack never before descended to by any man in a race for public office.

"You are called upon to say whether or not the democratic party shall place its leadership in the hands of a man who for two years has attacked derided and done everything possible to destroy this same party, a man who only hung onto it to claim its benefits when he wanted to run for office."

Mr. Mayfield charged Ferguson has tried to cover up his prohibition attitude of the first primary, when he advocated a "wet" interpretation of dry law and favored wines and beer, but that he now declares he is opposed to the open saloon.

"The people in their devotion to their government in their respect for their constitution and laws, in their disgust of the debauchery and lowness of the saloon and its evil will not elect next Saturday a man branded with the taint of such associations of friends," Mr. Mayfield declared.

### PARTY ALLEGIANCE TEST ASKED BY MAYFIELD.

Austin, Texas, Aug. 19.—Earle B. Mayfield's campaign headquarters will insist that election officers throughout the state in the primary next Saturday apply the party allegiance test, and exclude from voting those persons who supported the American party two years ago.

A letter has been sent by Mayfield headquarters to every democratic county chairman, inclosing copy of the Attorney General's opinion holding such challenge and exclusion legal, and asking that election officers be instructed to make the challenges and observe the instructions of the democratic state executive committee.

If this instruction is observed it will exclude all persons who voted "in-

## BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite  
Recipe of Sage Tea and  
Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

dependent and who supported the American party two years ago except such as swore they had voted a straight democratic ticket. It would exclude Governor Ferguson himself from voting, as well as his followers two years ago, it was pointed out.

"Under this opinion of the attorney general," D. E. Lyday, Mayfield's campaign manager, wrote the county chairmen, "you will note that none other than those who are properly affiliated with the democratic party are entitled to vote in the primary on August 26. I would suggest—you instruct the election officer of your county accordingly, furnishing each of them with information, contained in this opinion and necessary affidavits, in order that they may be in position to see that the law is complied with in all respects."

### OKLAHOMA OPERATOR LOOKING OVER FIELD.

Cyril D. Nelson of Tulsa and New York is a guest of the Auditorium Hotel. Mr. Nelson is here looking over the Milam county fields in the interest of Ex-governor Haskell of Oklahoma. The Haskell interests have always followed one policy in the oil business, that of buying settled production, but recently a large corporation has been formed and financed with eastern capital, for the purpose of drilling wild cat wells. Mr. Nelson stated that he was instructed to come to Milam county, for a complete inspection of the fields. The Haskell

## CREAM CLEARS A STUFFED-UP HEAD

Instantly Opens Every Air  
Passage—Clears Throat

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.

interests were attracted here on account of the closeness of the county to the new strike at Kosse. The Haskell interests are the largest independent operators in the country with production of 30,000 barrels daily in Oklahoma and Texas.

### COMMERCIAL CLUB.

Directors meeting of the Cameron Commercial Club, Friday night Aug. 18th, 1922:

Roll call showed the following present:

Officers—Robert McLane, president W. W. Chambers, vice president, J. C. Tucker, Treasurer, W. B. Skelton, secretary.

Directors—J. T. Parma, Dr. Jas. Watson, John E. Mangum, C. W. Lawrence, C. R. Phillips.

Committee Chairmen—Dan Tyson, W. M. Cobb.

Minutes of previous meeting were read and upon motion adopted.

J. T. Parma, announced that considerable work was being done in the Wilson-Ledbetter park, about 7 acres of ground cleared and other improvements made looking to the coming Livestock and Poultry Show. Mr. Parma asked the merchants to supply benches and other such equipment needed by the park.

J. T. Parma reported having attend-

## RED PEPPER FOR COLDS IN CHEST

Ease your tight, aching chest, Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore, stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known.

ed the Texas Highway meeting at Galveston, where much good was accomplished in outlining proposed highway improvements in Texas. Mr. Parma and W. M. Cobb also reported having attended the Lampasas Fair, where they went with a committee from the club to get data to use in planning the Cameron Livestock and Poultry show.

W. M. Cobb reported the tents secured, Premium list arranged and other plans working nicely for the Livestock and Poultry show.

Commissioner N. H. Butts was present and reported road from Ad Hall to the Sharp-Tracy cross roads had not been properly repaired due to lack of funds for this purpose. He stated that the road is now passable but in bad repair and that it would require \$2,000 to \$2,500 to put roads in his

beat in good repair and that the funds are not now available.

John E. Mangum called attention to the playground equipment recently installed in the City Park as well as other improvement made therein and highly commended the city officials who were responsible for these splendid improvements.

### NOTICE TO THE PUBLIC.

It has come to the attention of the city officials that some abuse is being made of equipment in the city park and that light globes are being destroyed and this will give notice that further abuse of this property will be corrected by the enforcement of the law.

The city has installed twelve additional lights in the park for the benefit of the mothers and small chil-

dren who wish to take advantage of the playground equipment in the evening. It is hoped that these lights will not be broken mischievously and that respect will be shown for the playground equipment. This equipment is for small children only, and not for the grown ups or young folks. A canvass swing for the use of babies was torn from its hanger and destroyed Saturday night because large children and young people used it without regard to its construction and intended use.

The city kindly asks that all the people feel a personal interest in this equipment as it belongs to the public and help preserve it.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE QUININE (Tablets) can be taken without causing nervousness or ringing in the ears. Get NE'S signature on box.

## THE STRIKE.

When the stalled trains, deserted by crews in Southern California, finally bore their suffering passengers out of the intense heat, they did so under armed guard, protecting the passengers.

In New Jersey a train was bombed as it passed, regardless of the fact that it contained, not strike breakers or soldiers but women and children returning from the seashore.

A St. Louis railroad bridge was damaged by explosions; rail spikes were drawn in an attempt to wreck a train near Chattanooga.

Attorney General Daugherty says that I. W. W.'ism is responsible for much of the trouble incident to the rail strike.

And in the daily press here and there comes the hesitant query, "Have men a right to strike, after all, in transportation?"

From small beginnings and by careful steps the cause of unionism fought its way up out of nothing to be a power for good in the world. It filled a need, it guarded interests otherwise not protected. It was conceived as a beneficent influence; it was to fight tyranny and oppression, and in the cause of that freedom guaranteed by the Constitution.

Its best friends believe it has gone too far; that it has so far overstepped its original purpose, so far encouraged, even if secretly, violence, and bloodshed, with no care whether or not the innocent suffer with the guilty, that it must now be deprived of its misused power by the only power greater in the country today, the United States Government. From high and low, rich and poor, east and west, come demands that Congress make it impossible for the intolerable public affliction of either a railroad or a coal tie-up to happen again, demand made without regard to whether or not it be stockholder, employer, corporation, union, A. F. of L., or individual worker, who is forced to give a private interest and a private war to the all important interest and right of the great majority.

## JUDICIAL REFORM.

The American Bar Association, in convention assembled, has made many recommendations, doubtless all wise, looking towards judicial reform. Chief Justice Taft, whose world-wide reputation as a jurist suffers not at all from his able exposition of needed legal changes, has outlined through this association to the legal profession of the country, the things which he believes should be done to make our judicial system better.

All of which is well, very well; but perhaps not well enough. Did it ever occur to a lawyer, do you suppose, to ask a layman for his ideas of judicial reform?

It probably did not. The "legal mind" can not think as the layman thinks, and yet law is for the layman, justice is for the layman, courts are for the layman.

If you have a case of any sort it is put on a docket. When it is reached, you must be there to defend or prosecute it. If they say to-morrow and you come to-morrow and bring fifty witnesses to-morrow, and the court isn't ready for you, you wait. The witnesses wait. The judge must not wait. If the courts ran to a schedule and the schedule ran out once in a while, and the court did nothing but hold its hands, more money would be saved than under the present rule, which is to keep the court busy, though hundreds of witnesses, lawyers, complainants and defendants wait around and lose money.

If you are sued—and any one can sue you for anything, whether you owe it or not—you must defend the suit. You must pay your lawyers; lawyers have to live. If it costs you a hundred, a thousand, or fifty thousand dollars, you must pay it. If you win the unjust suit, you are told you have justice; but your bank account doesn't show it.

What we need is not reform of the law from within, so much as reform from without; what the law needs is the layman's point of view, which is that speed and absence of expense are both parts of true justice; that no decision, no matter how correct, is truly just if it has cost much money and time to obtain.

Mrs. Harvy Gandy and sons spent Tuesday in Temple.

Brassiers for every figure.

## THE SPECIALTY SHOP.

Mr. and Mrs. Louis Krough and son spent last week end with Mrs. Krough's parents, Mr. and Mrs. S. P. Cross, returning to San Antonio Monday.

Judge John Watson left Monday for Dallas, where he will hold court two weeks for his brother-in-law, Judge E. B. Muse.

New season's hulls \$11.00 and meal \$2.40 at Oil Mill.

Mrs. A. E. Sharp, who has been visiting her mother at Brenham, returned home last Friday.

Miss Mildred Moore returned home Saturday from Richmond where she has been visiting her mother.

New season's hulls \$11.00 and meal \$2.40 at Oil Mill.

Mensoon red pitted cherries for pies.

GILES L. AVRIETT.

John Morton will return to Dallas Friday after spending his vacation in Cameron with his grand parents, Mr. and Mrs. W. M. Ross.

Mrs. E. N. Shaw will leave Wednesday night for Atlanta, Ga. to be gone a year. She will be greatly missed by her many old friends here, who regret to have her go for so long a time.

Mr. Edgar Wilson and daughter, Miss Avis, left Monday to visit relatives in Memphis, Texas.

Famous Puget Sound red sockeye salmon.

GILES L. AVRIETT.

## HENS HAVE SAVED MORE HOMES THAN ALL COTTON AND CORN GROWN.

BY F. W. KAZEMEIER.

Hens as home-makers may appear a rather odd title, and be some even crude. Yet the fact remains that in Texas the hens have made and saved more homes than all the cotton and corn grown. In West Texas, especially is that true. I can well recall a time several years ago, when the drouth was putting the farmers out of business; all that was necessary to do to understand the real condition of affairs was to spend several weeks in the country on the farm where no chickens were kept, on the henless farms and one could not help but note the destitute shape of many of these farmers.

I repeat, the henless farmer had about absorbed all his credit with the bankers and merchants in his home town, and unless it rained very soon the future was none too bright. On the other hand, the farm stocked with a flock of standard-bred poultry, without an exception still had, credit and the daily returns of the poultry flock paid for many of the family necessities. Too much cannot be said in favor of preparedness. In West Texas, where plenty of rain, has put added life in the farming business, now is the time to stock up each farm with a flock of standard-bred fowls. The drouth or hard times have no great effect on the poultry business. In fact, the past two years' experience clear-proved that the poultry business is a hard times business.

All farmers will do well to stop and read these few lines: It is the egg-basket that supplies the groceries for the tables. The same basket, also provides for the small shoes and dresses, hats and books and pencils. Yet that is not all, this same basket supplies the very comforts and necessities of life. If there are any home conveniences, in the majority of cases the poultry flock paid for them. If there is music and books, the chickens on the farm made them possible. If the farm wife has her own bank account, you can depend on it the hens did it.

A flock of hens is a home maker in every sense of the word.

The backyard flock does much to add home life to those working long hours in offices and shops. The backyard flock has prolonged the life of many a hard-working business man. The change, outdoor exercise, fresh air and contact with living things is a benefit to any man or woman.

Many people are still of the opinion that chickens need no home or protection. That they will do just as well roosting in trees. This is true in all sections of Texas. To these people we can only say, you are not going to make anything out of the poultry business, better go in the drug business, some other profession or line of farming. Chickens are entitled to a home and protection and must have it to produce the best results. The chicken house need not be expensive, in fact, it is much better to build a \$50 hen house and put a \$100 flock inside than vice versa. Any kind of a shelter will do, just so it has a good roof and two or three sides. Not so with the kind of chickens; they must be of the highest grade.

How many flocks of mongrel chickens are there? We can only answer that approximately 95 per cent of all poultry in Texas is still of a mongrel origination. This is indeed a sad state of affairs, and there really is no good reason for such a condition. It is undoubtedly a fact that scrub or mongrel chickens are not as profitable as standard-bred poultry. Some claim that mongrel fowls are stronger, this is not true; in fact, it is as far from the truth as anything can be. Carelessness and shiftlessness are the only reasons that have any foundation. A flock of standard bred hens is three to four times as profitable as a flock of mixed, or just eating chickens. We sincerely hope that this fall many farmers and others will make an honest effort to get good chickens and place them in a properly constructed hen house. Let us sell the mongrels in invest the money in half as many standard-bred fowls, and realize more and greater net returns. The mongrel, be it a chicken, cow, horse, sheep, goat or dog, is out date. Their time has come and gone. We must resort to the most up-to-date methods and the highest grade stock on our farms if we hope to be able to remain in business in the future.

Many poultry flocks at this very time are being literally eaten up alive by vermin, like mites, lice and blue bugs. In Texas it is very important to realize and believe this and before warm weather sets in to go out into the hen house and investigate. Warm weather causes these vermin to multiply very rapidly, in fact to such an extent it is almost unbelievable. We have found simple remedies the best to control these insects. For lice that remain on the fowl all

the time we have found nothing better than to dip them in a dip made as follows: One ounce of sodium fluoride (a white powder than may be purchased in any drug store) to a gallon of water. This will kill all the lice on the fowl and the nits that will hatch later. We have found it by far the greatest method. It is recommended by the highest authorities.

For the ever present and rapidly multiplying red mites we have found nothing better than the weekly application of crude oil, kerosene or Beaumont oil. Paint it over the entire inside of house thoroughly. Other more expensive methods are advertised, but they are no better.

Then we come to the blue bug, a particular pest in West Texas, although he is rapidly spreading to all sections of Texas and is even invading Oklahoma. He originally, like the boll weevil, came from Old Mexico, and is taking much the same route. The blue bug or fowl tick acts and lives very much like the red mites, and must be attacked in much the

same way.

In fighting and killing blue bugs the liberal use of carbolineum, we have found the most satisfactory. The carbolineum is painted over the inside and outside of the house about twice a month. This same product is also known as wood preservative, and may be purchased from poultry supply houses, drug stores and lumber yards. We have not been able to locate anything strong enough to kill the bug by dipping the fowl without injuring the bird.

We have not been able to locate anything that may be fed to chickens that will kill the bug, notwithstanding many old remedies that are claimed to do this; also some new ones. They may do it on paper, but not out in the poultry yard. We have fed sulphur to chickens until you could smell it 100 feet away from the coop, and yet the hens were full of lice and the houses and hens full of blue bugs.

In spite of this many people still cling to this old idea that you can kill vermin on chickens by feeding

them something like sulphur or blue bug killer and expect results. We know that it can not be done. To kill any kind of poultry vermin the only safe and sure way is to put something on the bug strong enough to put him out of business.

### Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 75c.

### A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

## You Can Find Your Fall Needs Here

New Furniture and new floor covering has arrived and more coming in every day for your fall buying. Every article is interesting and new. We want you to call and look over the New SELLERS Kitchen Cabinet, without a doubt the best, most convenient, most economical cabinet on the market. ## Texas History And The People Who Made It

### COMMISSION FORM OF GOVERNMENT.

The first commission form of government was established at Galveston, September 18, 1901. Following the disastrous storm of September 8th, 1900, the city of Galveston faced a situation calculated to cause the stoutest heart to quail and the most optimistic to grow gloomy. The disaster was so great, the sums of money necessary to rehabilitate so vast that the city petitioned the legislature for permission to form a new kind of city government consisting of five commissioners. All of the powers of the municipality was placed in their hands. So well did the new system operate that it soon attracted attention. Houston next asked for permission to adopt the commission plan, and soon Dallas, Waco, Austin, and other Texas towns and cities adopted it. So satisfactory has the commission form of government become that a large number of municipalities throughout the United States have adopted it. A number of modifications of the original Galveston plan have been adopted.

### BATTLE OF SALADO.

Seven days after General Woll's sensational capture of the city of San Antonio, including the district court and its officers which was in session, he was signally defeated at Salado Creek. When news reached Colonel Mathew Caldwell at Gonzales of Woll's exploits in San Antonio, he strated with several companies of Texans to its relief. The two forces met at Salado Creek, six miles from San Antonio. Many Mexicans were killed and wounded. A company of Texans, numbering fifty-three, under command of Captain Nicholas Dawson coming to join Caldwell, were cut off, surrounded by Woll's soldiers and all of them were either killed or captured. After this defeat General Adrian Woll

abandoned San Antonio and returned to Mexico with some sixty or more prisoners. The battle occurred Sept. 18, 1842.

### AUSTIN'S WAR CIRCULAR.

On September 19, 1835, Stephens F. Austin issued a circular from San Felipe to all Texans advising war with Mexico. Prior to this time Austin had assumed the role, at least in a measure, of pacifist, and endeavored to hold in leash some of the more fiery spirits who were clamoring for war.

### CAPTAIN GILLESPIE.

Richard Addison Gillespie was a native of Kentucky. He came to Texas in 1837 and engaged in merchandising. Like all of the early pioneers he enlisted in service, and fought in the battle of Plum Creek in 1840. He became a lieutenant in Tom Green's company of Rangers in 1841 and joined the Somervell Expedition in 1842. He was seriously wounded in an Indian fight in 1844. Joining Hay's regiment in 1846, he was elected captain. Gillespie greatly distinguished himself at the battle of Monterey by leading a charge, capturing ten Mexican guns. He was killed leading a charge on the Bishop's palace, Monterey, September 22, 1846. His name is preserved in the county of Gillespie, named after him.

### AUSTIN'S 2ND WAR CIRCULAR.

Stephen F. Austin sent urgent appeal to all citizens to seize arms in defense of Texas against Mexico, on September 22, 1836.

### DEDICATION OF SAM HOUSTON NORMAL.

The Sam Houston Normal School building at Huntsville was dedicated September 23, 1890, at the beginning of the twelfth session of the school.

### FIRST COLLEGE IN TEXAS.

On September 23, 1838, Ruthersville College was open at Ruthersville, a village of Austin's Colony set apart by 10 members of the Methodist church for school purposes. Reverend Littleton Fowler, pioneer of Methodism in Texas, with his co-worker, Robert Alexander, aided in the establishment of this school. Rev. D. N. V. Sullivan was the first teacher. In 1840, through the untiring efforts of Rev. Chauncy Richardson, a charter was secured from the Texas government and four leagues of land was donated to the school. In 1956 Ruthersville college was consolidated with the Military Institute of Galveston. It was abandoned at the beginning of the Civil War. It was named in honor of Dr. Ruter and was probably the first chartered school in Texas.

### JAMES W. DALLAM.

James W. Dallam, born in Baltimore, September 24, 1818; educated at Brown University, Rhode Island, and studied law later under Reverend Johnson in Baltimore. He came to Texas in 1839, settling at Matagorda. Went to Washington in 1844 and compiled Dallam's Digest of the Decisions of the Supreme Court of the Republic of Texas, which was published in 1845. In 1847 he decided to establish a newspaper at Indianola and went to New Orleans to arrange for it, when he was stricken with yellow fever and died August 20, 1847. Dallam county was named in his honor.

### LETTER FROM ALFRED E. BRADY

No. 40 Rue Brousse Pera, Constantinople, Turkey. 23 July 1922. Mr. A. E. Brady, Cameron, Texas. U. S. A.

Dear Dad: Suppose you had a regular 'rip-roaring' time while on your trip to old Virginny. Have long wanted to visit those old and interesting places that saw so much during the war, but rather doubt that I will ever find the time nor the money to do so. Was mighty glad that you were able to make this trip, and look forward to having your letter telling of the interesting things you were able to see, and the old acquaintances and friendships that must have been renewed. Have just recently gone very carefully over an old war muse-

um here in which were costumes, hats, shoes, all sorts of fighting material—cannon, large and small guns and in fact almost a complete outfit for a good size war; I compared all this to the present method of fighting man against man, and the comparison was indeed horrible. I went out to the old walls near the city where the Turks entered thru the treachery of a few Greeks and thereby captured the city—but even so, the enemy entered over the dead bodies of their own men, piled fifteen or more feet in the moat, even that sort of war was horrible, but the kind we have now is quite beyond human reason or thought even.

Mother wrote me that you had given your name for re-consecration at the recent meeting held in Cameron. May I not say that am very glad indeed. Not so very long ago I was what one might call a 'radical Christian'—one of the, at times, hot headed sort—a lot of the former

frills and useless trimming I have lost some where and I really hope that I am somewhat more practical and common sense about it now. I do not think this is because am becoming case hardened or careless, but it strikes a fellow at times that the best way is to do more and talk less.

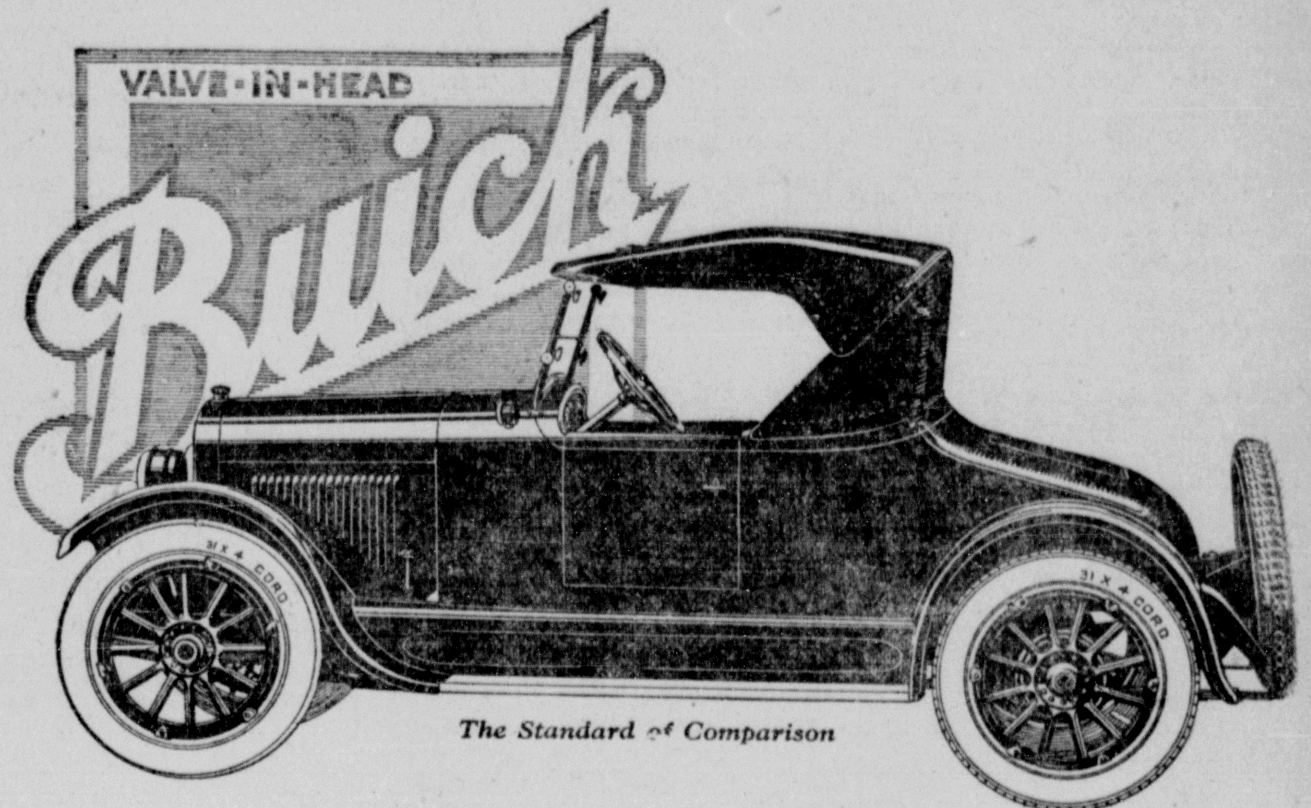

Hope conditions in Milam are much better than they were some six weeks ago. I notice that cotton is very low—which makes me wonder what the future is for this staple crop. Seems that it is up to the farmers as a body to plant some other crop for a few years until the demand is greater and the weevil has starved itself out. I can never think that cotton is absolutely necessary to any farmer no matter what they may say. A lot of our Texas farmers would open their eyes after going over this country for a week or ten days to see what the folks out here raise. If a shiftless Turk can make out minus a crop of cotton for two thousand years, it

seems that our folks could make out for five years. Cotton every year as an absolute necessity is all stuff and nonsense, and the quicker folks make up their minds to it the better off they will be. Amen.

Hot enough here to melt the horns off a billy goat. Love to all. Allie.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

Plenty of meal and hulls at the Oil Mill.

The Standard of Comparison

## Just Right for Two!

### The 1923 Four Cylinder Roadster

Smart, sturdy—you won't find another two-passenger four cylinder roadster that compares with this new Buick in quality or in price.

Inspect it from any angle—snug, beautifully tailored top; long, low body lines; heavy one-piece crown fenders; lots of room for two people and two compartments for their luggage. A big steering wheel that comes up to you, a shifting lever that operates without bending forward, a transmission lock, and improvements which give 1923 Buicks a Class "A" insurance rating.

And, below the surface, the famous Buick Valve-in-Head motor and chassis with refinements throughout which set a new standard of quality and performance in automobiles.

### Lowest Insurance Rates

All 1923 Buick models have been awarded Class "A" ratings by the underwriters, because of the safety of their electrical and gasoline systems. The transmission lock on all models also materially reduces the cost of theft insurance.

The Buick Line for 1923 comprises fourteen models: Four—2 Pass. Roadster, \$865; 5 Pass. Touring, \$885; 3 Pass. Coupe, \$1175; 5 Pass. Sedan, \$1395; 5 Pass. Touring Sedan, \$1525. Sixes—2 Pass. Roadster, \$1175; 5 Pass. Touring, \$1195; 5 Pass. Touring Sedan, \$1355; 5 Pass. Sedan, \$1385; 4 Pass. Coupe, \$1395; 7 Pass. Touring, \$1455; 7 Pass. Sedan, \$2195; Sport Roadster, \$1625; Sport Touring, \$1675. Prices f. o. b. Flint. Ask about the G. M. A. C. Purchase Plan, which provides for Deferred Payments.

## 90TH DIVISION TO

## HOLD REUNION.

Dallas, Texas, Aug. 23.—The annual reunion of the 90th Division has been announced by Arthur J. Reinhardt, Secretary of the 90th Division Association, and will be held next month at Tulsa, Okla., on September 25th and 26th.

The 90th Division is made up of Texas and Oklahoma men and the Division's over-seas shoulder insignia was the monogram combination of T-O. This association has maintained a more extensive post war organization than any of the other divisions. There are at this time 20,000 members on the rolls, which assures a large and enthusiastic attendance at the reunion. General Henry T. Allen, who commanded the 90th Division in France, will not be able to attend, but has cabled his greetings and very best wishes from Germany, where he is now stationed. Mike Hogg, president of the Association, who resides in Houston, assures all members that an old time "get together and whoop'er up" reunion will be pulled off. The Chamber of Commerce of Tulsa is taking an active interest in providing entertainment and special railroad rates are being arranged.

Mr. Reinhardt estimates that from 2,000 to 3,000 will attend the Convention and states that September 25th and 26th, the dates for the Convention, are the anniversaries of the Argonne offensive.

## STATE HUNTERS FAVOR

## CHANGE IN DOVE SEASON.

Austin, Texas, Aug. 22.—Doves may be hunted September 1, at the opening of dove-hunting season, and State Game Commissioner W. W. Boyd, who has recently returned from extended inspections of the State, reports a gratifying number of them to hunt.

Commissioner Boyd has issued orders to his wardens throughout the State to be strict in law enforcement during the coming season, since the last tendency to slackness would, in view of the enormous number of hunters, mean extermination of the doves or their decrease to such a point that a permanent closed season would be demanded by loyal conservationists.

"Changes in the dove season are being sought by delegation and through letter," said Commissioner Boyd. "True sportsmen, who want game for the future, are asking a later opening date, since many doves are still nesting through North Central and Southern Texas on September 1. Texas is too big and its climate too diverse to have one blanket law, and sentiment is becoming strong for its division into zones having different open season, depending on dates of nesting and time of migration."

The term "dove" is held by Commissioner Boyd to include the abundant mourning or turtle dove, the very abundant white-wing of Southern Texas, the rare white-fronted dove of the Lower Rio Grande and tree little doves practically too small for eating, the long-tailed Inca and the exant ground dove of Central-Southern Texas and the tiny southeastern ground dove of Eastern Texas coast regions.

A pigeon, however, is not a dove, and there is no open season on the red-billed pigeon of the Lower Rio Grande or the band-tailed pigeon of the trans-Pecos country. These, together with the antelope, mountain sheep, prairie chicken, woodcock, wood duck or summer duck, turkey hen, deer doe and fawn, and songbirds, are under permanent closed season and the protection of the law. To kill any protected bird, or a game bird having a later open season, subjects the offender to arrest and fine by State and Federal officers.

Many hunters are arrested during each dove season for having in their possession quail, wild turkey or plover, the open season on which comes much later. Hunting season on wild ducks and geese, mud hens and marsh hens, jacksnipe and yellow-legs and black bellied and golden plover does not open until October 16; on buck deer, November 1; on quail or partridges and Mexican chanchalaca pheasants, December 1.

Wild turkey gobbler hunting season has been changed, due to the action of the last Legislature. The general season throughout the State now opens November 1, with a season limit of three gobblers. Due to scarcity of turkeys, there is no open season and even gobblers may not be shot in Cameron, Hidalgo, Willacy, Kinney, Starr, Brooks, Jim Hogg and McMullen counties. Of the counties with season opening March 1, instead of in fall, Gillespie and Kendall counties have a limit of three gobblers for the two-months season, while a limit of only two gobblers is set in the counties of Angelina, Cherokee, Hardin, Liberty, Nacogdoches, Dallas, Rockwall, Tyler, Jefferson, Orange, Jasper and Newton.

Home-county hunters need not have a license, but those Texans hunting in a county where they do not live must obtain a license, costing \$2, from a deputy game commissioner, game warden, county clerk, sporting-goods store or direct from the Game Commissioner's office at Austin. Hunters not living in Texas must obtain a non-resident license, the fee for which having been fixed by the Legislature at \$15.

It is also unlawful to hunt with trap, net, dynamite or by any means other than with a gun, not larger than 10-gauge, shot from the shoulder or to hunt with light or lantern or shoot at birds before sunrise or after sunset.

No more than 15 doves can be killed in any one day, and no more than 75 game birds of any or all kinds may be possessed or shipped at any one time. It is also illegal to shoot from power boats, sail boats or airplane; unlawful to buy game, pay another to hunt, be paid for hunting, to carry on train or to ship game without an affidavit or to ship to a taxidermist without a permit from the commissioner or one of his deputies.

## "Built Me Up"

"I USED Cardui for years and it did me more good than any medicine I ever used," writes Mrs. M. C. Ragsdale, of Fort Towson, Okla. "I used to suffer with womanly trouble that weakened me until I was a mere shadow, nervous, and could not sleep. I did not feel like I could live.

"It seemed that nothing helped me till I heard of Cardui and began to use it. It

strengthened me and, as 'twas recommended to do, it regulated and built me up till I was like another woman."

If you are weak, run-down and feel that you need a tonic, take Cardui, the woman's tonic, the tonic about which you have always heard, the tonic that helps weak women regain their strength.

Cardui acts on the womanly system and helps relieve pain and discomfort due to female ailments.

Try Cardui, today, for your trouble.

**CARDUI**  
The Woman's Tonic

## KLAN WILL HAVE SPECIAL

## DAY AT FAIR IN DALLAS.

Dallas, Texas, Aug. 22.—The Ku Klux Klan will have a day at the State fair this year. It was announced at Klan headquarters here Saturday that Saturday, October 14, will be Klan Day at the big celebration.

Invitations have been sent imperial officers at Atlanta and all high officials of Texas to attend the big celebration here that day.

Special rates will be put on for the occasions and fair directors expect Ku Klux Day will be one of the largest attended during the fair.

Announcement was made Saturday that the local Klan initiated a class of 3,000 Friday night. This is the largest class yet initiated by the local Klan.

## TWO MEN KILLED BY

## A SANTA FE TRAIN.

Killen, Texas, Aug. 18.—Two men, believed to have been John and J. C. Nobles of Henderson, Texas, were instantly killed a mile west of here last night by the east-bound Santa Fe passenger train No. 92. Their bodies were mangled almost beyond recognition.

The men, apparently between 25

## You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, listlessness, nervousness and such.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality, by Purifying and Enriching the Blood. When you feel as if you are getting run-down, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

and 3 years of age, were identified by a local merchant as two who had purchased a lunch from him yesterday afternoon. He said that they walked down the railroad track to eat their lunch and there were evidences at the scene of the accident which indicated that they had stopped at the water tank west of here to eat and rest. It is believed that they fell asleep on the track and were not awakened by the approach of the train.

The engineer of the train is said to have stated that he did not see the two men until it was too late to stop. One of the men arose to his knees in an effort to get off of the track, he said.

The bodies were mutilated almost

## To Stop a Cough Quick

Take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

## Run Off Primary Election August 29; The Ballot

### SENATORIAL RACE CHIEF ONE OF INTEREST IN TEXAS DEM- OCRATIC ELECTION.

The run off primary to decide the Democratic nominees for offices in Texas will be held on August 26.

Interest in the election chiefly centers about the senatorial race in which Earle B. Mayfield and James E. Ferguson are contending. Mr. Mayfield led the ticket with Mr. Ferguson second. The federal reserve act, prohibition and the Ku Klux Klan are big issues in the campaign. For mudslinging the campaign for the run off has been one of the most notorious in the history of Texas politics.

Following is the ticket as it will be on August 26:

#### For United States Senator:

EARLE B. MAYFIELD,  
Bosque County.

JAMES E. FERGUSON,  
Bell County.

#### For Lieutenant Governor:

COL. BILLIE MAYFIELD, Jr.,  
Harris County.

T. W. DAVIDSON,  
Harrison County.

#### For State Treasurer:

C. V. TERRELL,  
Wise County.

GEORGE G. GARRETT,  
Dallas County.

#### For State Superintendent of Public In- struction:

S. M. N. MARRS,  
Travis County.

ED. R. BENTLEY,  
Hidalgo County.

#### For Associate Justice Court of Civil Appeals, Third Supreme Judicial District:

M. B. BLAIR,  
Bell County.

J. K. BAKER,  
Coleman County.

#### CLEVENGER LEADS CAMERON COMETS WITH BIG STICK.

Official batting averages of the Cameron Comets, winners of The News-Tribune cup, emblematic of the semi-pro championship of central Texas, have been released from publication. Vergil Clevenger, one of the brilliant pitchers of the club is the technical batting leader of the team with the remarkable average of .640 in five games played and 14 trips to the plate.

Left Fielder McGlasson, however, is the real leader with an average of .400 in 46 games played and 170 trips to the plate. He scored 37 runs and hit safely 68 times. B. Wilemon, who participated in only three games also has an average of .400, while Pitcher Haislip in 10 games and 29 trips to plate batted for an average of .483. Fred Paschal, sterling shortstop, in 75 times at bat, had an average of .386, two points better than the record made by Homer Peel in 48 games played. Peel played in more games, was at bat more times, and hammered out more hits, also scored more runs than any member of the team. Peel played in 48 games, was at bat 198 times, hit safely 76 times and scored 39 runs. Other members of the team hit as follows:

T. Wilemon 375, Thomas 370, Mulcahay 312, Stafford 333, Cowers 333, McGowan 333, Henderson 310, Tolar 307, Edens 307, Miller 298, Partain

250, Cook 250, Dinan 232, Nowlin 223, Cave 222, Guynes 207, Dillard 200, Chapman 200, Childress 200 Schmid 200, Schraub 181, Robertson 177, Chatham 165, Craig 125.

Team averages, 361. In games won and lost Schraub and Stafford were the leading pitchers of the Cameron team for the 1922 season. Stafford won his four starts, while Schraub rang up three victories in that many turns on the mound. Craig won two games in two starts, and McGowan, Waco hurler, won his only game pitched for the Comets. Rock Robertson pitched seven games for the Comets, winning six, while Clevenger won four out of five. Cook went to the box nine times and emerged victorious in seven. Thomas won six out of eight; Schmid two out of four, while Clowers lost his only game pitched.

Clevenger, Allen Childress, Guynes, Schraub, Stafford, English, Craig, McGowan and Chapman all had perfect fielding averages, but these participated in only a limited number of games. Of these seven, Guynes played in 13 contests and English in 11 games, Mulcahay, University of Texas star, accepted 463 chances at first base with only 10 errors for an average of .978, while Henderson, the Comets' catcher and captain for the great portion of the season also had a fielding average of .978. Homer Peel with 126 putouts, 123 assists, and 24 errors had an average of .906. Bus Chatham, Waco and West star in seven games played with the Comets had a fielding average of only .777, while Rock Robertson fared little better with on average of .818.

Of the the Cameron outfielders who participated in more than 20 games, Partain was the leader with an average of .967 making only two errors in 63 chances.

The clubs fielding average was .929.

#### EARLE B. MAYFIELD CLUB IS ORGANIZED MONDAY BY ROCKDALE WOMEN.

A called meeting for ladies was held at the City Hall Auditorium Monday, August 14, at 9:30 a. m., at which time an "Earle B. Mayfield Club" was organized for the purpose

of promoting the candidacy of Earle B. Mayfield for United States Senator in the run-off primary to be held Saturday, August 26th.

Several business men were present, among them being Messrs. Leonard Isaacs, Ousley, Sledge and Camy. As temporary chairman, E. A. Camp, called the meeting to order, and directed the election of the following officers: Mrs. Leonard Isaacs, chairman; Mrs. O. K. Phillips, vice-chairman; Mrs. R. W. Wallis, secretary; Miss Irma Dunnington, who was not present, was appointed press reporter.

Committees were appointed to list names for the Mayfield Club. A mass meeting was called for Friday evening at 8:00 o'clock, when short talks will be made and a speaker for the evening will be selected. Mr. Isaacs suggested the appointment of ladies in surrounding communities to extend the lists and create interest for Earle Mayfield, as we have only two more weeks before the run-off primary. It was decided to invite several state speakers to come to Rockdale.

The ladies signing at the initial meeting were:

Mesdames W. C. Rothrock, Begina E. Stiles Wallis, C. K. Stribling, Leonard Isaacs, E. F. Ousley, Alice J. Tumlin, M. A. Kincaid, J. A. Phillips, T. H. Paul, M. J. Hardin, J. P. Sparks, J. B. Robinson, Kate Arnold, E. R. Wolf, W. J. Alford, W. H. Marshall, C. C. Bethea, O. K. Phillips, M. C. Sterling, R. C. Williams, J. E. Dyer, W. E. Montague, W. P. Henry, W. A. Kilpatrick, Miss Ella Alford.—Rockdale Reporter.

#### COURT HOUSE NEWS.

##### DISTRICT COURT.

The Court overruled a motion for a new trial in the case of the State vs. Lena Wells Dossett, convicted for unlawfully selling intoxicating liquor, and whose punishment was assessed at one year in the penitentiary. The accused was sentenced, but appealed the case to the Court of Criminal Appeals and entered into a recognizance in the sum of \$1,500 to await the action of the higher court. The defendant was allowed sixty days from that date to prepare and file a statement of facts and bills of exception. Court

of Appeals will not convene until the first Monday in October.

Plaintiff was denied a new trial in the case of T. P. Whittington vs. Cameron Compress Co., involving the burning of about 100 bales of cotton when the compress burned in October, 1920. Plaintiff gave notice of appeal to Court of Civil Appeals at Austin and was granted 30 days after adjournment of court to file statement of facts and bills of exception.

Willie Hester was granted a divorce from John Hester.

There are no jury trials set for balance of term which ends the last of August.

#### COMMISSIONERS COURT.

Commissioners Court met in regular session Thursday and Friday, August 17 and 18. Bids for construction of Milano road to Hanover, which is part of the Ben Milam Highway, was received at this meeting.

Judge Jeff T. Kemp appointed a commission composed of J. L. Foster, Sam Nicholson and H. B. Presley to condemn lands on the Ben Milam Highway.

#### REAL ESTATE TRANSFERS.

Robt. Kay to John Chadwick, part of 98 acre tract, Jas. A. Pdwett surveyed; \$800.

Martha Seibert et al to Eddie Backhouse, a parcel of land out of the Wm. Mitchell survey; \$2000.

J. G. Vest et ux to John Dobbins, part of block D and brick house in the original town of Cameron; \$9,000.

C. L. Turner et al to Mrs. Lottle Wallis, parcel of land out of the D. A. Thompson survey in the city of Rockdale; \$500.

W. G. Gillis et ux to H. F. Smith, Jr., lots 1 to 8 in block 5, Bickett addition to the city of Cameron; \$1,000.

W. W. Curlee to W. P. Henry, lots 4 and 5 in block 15 in the city of

Rockdale; \$50.

P. H. Perry to W. B. Talley, parcel of land out of the D. A. Thompson survey in the city of Rockdale, same being lot 1 in block 32, \$2000.

**Texas Bottling & Ice Cream  
Company**

## Vote For Judge M. B. Blair

Vote for Judge M. B. Blair of Belton in the run-off primary August 26th for Associate Justice, Court of Civil Appeals for the Third Supreme Judicial District, at Austin. He was the leading candidate in the July primary, having received over 33,000 of the 80,000 votes cast, lacking only about 7,000 votes of receiving a majority over his three opponents. He carried 17 of the 31 counties, running second in 9 of the remaining ones. He received better than 40 per cent of all votes cast, and led his run-off opponent by more than 11,000 votes. The above shows him to be clearly the choice of the people, and a vote for him will not be a mistake.

Judge Blair practiced law in all Courts for more than four years, and was successful. He served Bell county as County Judge for more than four years, and is now serving as District Judge of the 27th Judicial District, composed of Bell, Lampasas and Mills counties, which position he has held for two years. His service as Trial Judge for more than six years, hearing all cases brought by all lawyers in his court, passing upon the law and instructing the juries concerning the law in such cases, gives him an actual experience in the practice of law that the ordinary trial lawyer does not have in many times the number of years of practice.

He tried 168 contested civil cases as County Judge, 35 were appealed, and only 7 were reversed. He tried 62 contested civil cases as District Judge, 16 were appealed, 6 have already been affirmed, 10 are now pending. Up to this time, he has not been reversed in a civil case. His faithful and efficient service should commend him to every voter. He is a young man who has shown himself capable of hard work. A faithful public servant who deserves a promotion.

He has led a clean, moral private life. His political life has been consistent and fair, based upon the sentiment, "Give the world the best you have, and the best will return to you."

He has the written endorsement of the lawyers of Bell, Lampasas, Mills and Burnet counties, and many of the Waco lawyers. He is also actively supported by a majority of the lawyers of many of the counties of the District.

## STREET LIGHTING SYSTEM PURCHASED BY CITY OF CAMERON

BUSINESS DISTRICT TO HAVE  
WHITE WAY WITH TRAFFIC  
GUIDE LAMPS.

Purchase of street lighting equipment for the business district of the city of Cameron was made by the city council at the meeting Tuesday. The equipment consists of steel lighting poles for the street intersections for the business district with traffic guide signs.

Eleven of these lights will be placed in the business district with four to be placed around the court house by the county. Purchase of the lights for the county has already been made and the matter of installing them has been delayed pending the purchase by the city of the eleven street lights.

Four of the street lights purchased by the city will be placed in intersections around the court house square thus giving eight powerful lights about the court house square.

This is the beginning of what many hope will become a large street lighting system. In addition to the lights being installed by the city and county the Cameron Water, Power & Light Company has purchased two large standards for their property at the plant. This will give the business district seventeen powerful street lights and will be a good start toward a better and more complete system.

The standards with all equipment were purchased from the Southwestern General Electric Company of Dallas.

The street committee of which C. R. Phillips is chairman will have charge of the erection of these standards. The order for these standards will be placed at once, the Cameron Water, Power and Light Company defraying half the installation cost of this entire system, a liberal and praiseworthy act on the part of this Company.

### HEAD STUFFED FROM CATARRH OR A COLD.

Says Cream Applied in Nostrils  
Opens Air Passages Right up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60¢ per bottle.

LOST—Diamond pin, on road to Hearne, finder return to Levy Bros, Rogers, Texas and receive reward. 1t

## LIVESTOCK MEN TO MEET IN THORNDALE TUESDAY, SEPT. 5

PLANS FOR COUNTY SHOW TO  
BE DISCUSSED AT THIS  
MEETING.

The attention of the secretary has been called to an error which has been made regarding the date of the next meeting of the Milam County Poultry and Livestock Association to be held in Thorndale on Tuesday September 5.

It has been published that the meeting would be held on Tuesday Sept. 12 but the by laws of the Association sets the meeting for the first Tuesday which will be September 5. The attention to the error was called by J. D. Campbell of Thorndale, a member and director of the Association.

At this meeting which will be held in the offices of the Chamber of Commerce in Thorndale plans for exhibits at the County Livestock show and fair will be planned. The Livestock Association is planning heavy exhibits at the show and the members are being urged to start at once to groom their stock and poultry for the show.

The Association meeting will be alternated between the several towns in Milam county. The Association was organized in Rockdale on June 10. The first regular meeting was held

in Cameron, the next to be held in Thorndale.

Sam Mewhinney, president, expects the membership committees to have good reports at the Thorndale meeting at which time the membership roll is expected to be made much larger. Rockdale now leads all towns in the county in point of membership with Cameron a close second. Thorndale will likely come in for a big increase and may nose out the county capital.

It is hoped that the correction in the date announced for the Thorndale meeting will be noted and all the members make an effort to be in Thorndale on Tuesday September 5.

## School Starts In Cameron September 11th For 1922-23

FULL CORPS OF TEACHERS  
READY FOR FALL TERM OF  
PUBLIC SCHOOLS.

The public schools in Cameron will open on September 11, according to announcement of Dr. A. S. Epperson, president of the school board.

L. H. Kidd, superintendent of the school, who has been teaching in the summer normal in San Marcos this year, will return to the city within a few days to prepare for the opening of the school here on September 11.

Mr. Kidd has served as superintendent here for a number of terms and

had builded the school to where it is now one of the most beneficial educational institutions in the state.

Combined with the general courses of the schools is the business course at the Yoe High School which turned out a number of graduates at the close of the term in the early part of this year.

Many of the teachers who taught here last year will return but there will be a large number of new ones on the faculty. It is said that all places have been filled for several weeks.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will quickly destroy and improve the digestion and build up a healthy system. Ending time of the school year, it is a good thing to buy a bottle of Grove's Tasteless Chill Tonic and give it to your child. It is a perfect safeguard against worms.

### Colds Cause Grip and Influenza

RELATIVE BROMO QUININE Tablets common sense. There is only one "Bromo Quinine" F. W. GROVE'S signature on box. 50¢

The Quinine That Does Not Affect The Head  
Because of its tonic and laxative effect, RELATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. F. W. GROVE'S signature on box. 50¢

Piles Cured in 5 to 10 Days  
Jungblut's refund money if PAIN EXPELLER fails to cure itching, burning, bleeding piles. It instantly relieves itching Piles, and restores restful sleep after the first application.

## Do you want a WATCH SET Free!

I've several watch sets to give away for some very easy advertising work.

Description: Men's combination watch set, consists of a gold finished open face Swiss watch, gold finished Waldeman chain and gold top knife. Set put up in neat presentation box. Equal in appearance to sets selling at \$15 to \$20.

Send me your name and address and this advertisement stating that you want one of these watch sets.

Address—

C. Oscar Cailson

Thrall, Texas.

## Require- ment--

To render that brand of service the "Citizens National" has for its customers and friends, it is necessary that the most modern equipment be used.

At a large expense your bank has installed the best in electrical and automatic machines. Their use insures speed, accuracy and volume. Comparison shows that few banks of even larger size have better equipment than this bank.

You are cordially invited to take the advantage of these modern machines and the hospitality which awaits your entrance into our doors.

## Citizens National Bank

"The Largest Bank in Milam County"

## We Back THE FARMER

CO-OPERATION.

Today we hear a great deal about "co-operation" and "team work" and often we are prone to think they are but the idle words of public speakers, with no meaning at all.

However, it is on this same "co-operation" that the industries of the world depended. Not on the mere word, but on the spirit of it.

Employees depend upon their employers, and employers are eternally seeking better co-operation. Large enterprises must co-operate to be mutually successful. Business men and successful. We make every effort toward making our customers successful.

## PERSONAL INSTRUCTION

Quick, thorough preparation in those most necessary aids to business success:

## Bookkeeping and Stenography

Opportunities for securing high salaried positions are practically unlimited. The State Departments at Austin need Bookkeepers and Secretaries. The United States Civil Service Commission is constantly advertising for office help. Banks and Commercial Houses are looking for well prepared young men and young women. We assist our graduates to secure positions. Write for catalog and information.

Nixon-Clay Commercial College  
AUSTIN, TEXAS

### NEW COTTON SAID TO HAVE BEST STAPLE FOR YEARS.

TH- Champion is informed that two companies (cotton factors) have had representatives here during the past few days and another firm has asked for samples of our cotton and expect to send a man here to look over the field with a view of sending buyers to Thorndale to buy cotton on the streets. It seems that the staple of the Thorndale cotton is attracting considerable attention among cotton men and, in fact, it is said that staple of the cotton this season is the best we have had for several years.

Perry & Company of Austin, it is said, is expecting to place a buyer here within the near future and other cotton companies are thinking seriously of doing the same thing.

This good report of the excellent staple of the Thorndale cotton together with the prospects of getting a reasonably good yield and a good live and active market for our cotton certainly does carry a cheering effect and the Champion is especially interested to know that the outside buyers are becoming so deeply interested in us and our cotton. Bring your cotton to Thorndale and get all the market will stand every day—any day.—Thorndale Champion.

### DIRECTOR OF P. L. & P. A. GIVES TIMELY SIDELIGHTS ON PURPOSE OF ASSN.

Editor Thorndale Champion:

As it is nearing the time for the next meeting of the Milam County Purebred Livestock Association, I would like to use a little of your valuable space in further placing the benefits of the association before the people of Thorndale and this vicinity. And since the next meeting will be held in Thorndale I think it would be very appropriate to make mention of a few of the aims and purposes of the association through your columns.

The association is county wide in scope and it is operated on democratic principles—each individual having a voice in the governing principles. It is an organization of men and women interested in the promotion of better livestock and poultry for Milam county; who believe that by stocking our county with better livestock and poultry we may increase the income of the community and thereby promote better living conditions of the communities of our county at large.

The association purposes to help promote this good work by co-operating in the work of holding community and county fairs, thereby demonstrating the better qualities of purebred stock and poultry over the scrub. It also plans a purebred sire campaign.

The association to give every member and every community a square deal and 100 per cent value for every dollar invested by co-operative advertising, by public sales, co-operative

buying, by furnishing assistance and advice in purchasing or selling stock or in any way which a majority of the members endorse.

Unfortunately the writer was selected to serve the Thorndale community as director and he needs the co-operation and advice of every interested person in the community. And right here I might say that personally he is highly pleased with the action of Thorndale in postponing the Livestock Show until sometime in October. It is also my opinion that it would be better to have both livestock and poultry shows at the same time, and it might also be well to have an auction sale of a few choice animals in connection with the show, provided there are enough breeders who are to consign them to the sale, outside breeders would probably consign some stock if it were held open to them. However these are personal suggestions and not of the association.

We are receiving a hearty response to our membership campaign and we are anxious for the good work to continue and I would like to urge that all be out for the September meeting at Thorndale. Both members and those who are not are welcome, for we have no secrets in our association and we are all in the "show me and I will believe" class. So come, you are welcome.

Yours for better Livestock and a more prosperous and better community in which to live. I am,

Respectfully,  
JESSE D. CAMPBELL.

### FORMER THORNDALE CITIZEN DIES IN NEW MEXICO.

Mrs. Aurelia Bowers Hamilton, daughter of Mr. and Mrs. Joe Bowers, former citizens of the Pleasant Retreat Community, but for the past 25 years citizens of Oklahoma and New Mexico, died at her home at Carlsbad, New Mexico, Tuesday, Aug. 8, and the body was shipped to Thorndale for burial in the Pleasant Retreat Cemetery, arriving here Friday afternoon, accompanied by Mr. and Mrs. Joe Bowers, parents of the de-

ceased, and Mrs. R. B. Troup, a sister.

Interment was made in the Pleasant Retreat Cemetery Saturday morning, with Rev. Lee Barker conducting the service. Just before leaving Thorndale Saturday morning the casket was opened at the Henne & Meyer Co.'s undertaking parlors to permit the many friends of the family here to view the body for the last time in this life.

The deceased was 25 years old 2 months of age. She left Thorndale when an infant with her parents for Oklahoma about 1908 and was married to Mr. Hamilton several years later in Oklahoma City. She was a sufferer from Tuberculosis of the stomach and had moved to Carlsbad, New Mexico, for the benefit of her health where she was when "God touched her with his finger" and she slept, thus relieving her of her suffering.

The Champion extends sincere sympathy to the bereaved family and friends.—Thorndale Champion.

### CALOMEL IS A DANGEROUS DRUG.

Next Dose may Salivate You, Loosen  
Teeth or Start Rheumatism.

Calomel is mercury; quicksilver. It

crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straightened you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

J. A. White a well-known Kentucky farmer, said he could beat his hands shucking corn after taking Tanlac. Sold by the New Cameron Drug Company and druggists everywhere.

### CLEOPATRA'S BEAUTY SECRET

Cleopatra knew that to have a fresh fine skin, thorough cleansing was necessary. She knew that the gentlest means must be employed. She used Palm and Olive oils.

The crude combination of these oils which was the best even royalty could command, is today brought to perfection in Palmolive.

Every girl can have the radiant healthy skin which is the foundation of all beauty. Intelligent care is the secret—thorough cleansing the basis.

Unless thoroughly cleansed with soap and water, the skin becomes sluggish and inactive. The tiny pores clog with dirt, oil secretions, perspiration, rouge and powder, and blackheads and other blemishes result.

Woman who fear it have been using the wrong soap. A pure mild soap causes no irritation.

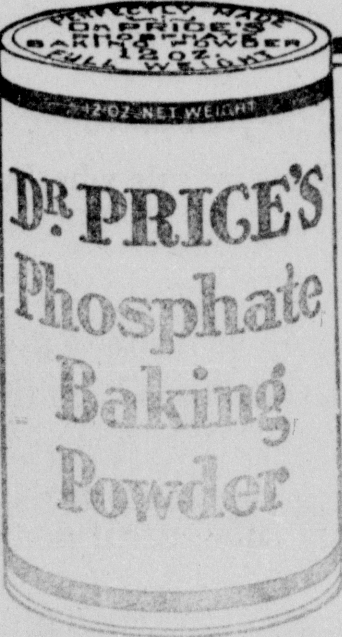

Palmolive, with its creamy mild lather is lotion-like in its action. It soothes while it cleanses: it freshens, revives and stimulates and leaves the skin delightfully fresh and rosy.

You can buy Palmolive Soap at all first class groceries and drug stores.

THE PALMOLIVE COMPANY

# CAMERON HERALD

## Yoe Will Admitted To Probate Here

The will of the late Mrs. C. H. Yoe who gave to Cameron the magnificent \$200,000 school building, was admitted to probate in the court of Judge Jeff T. Kemp on last Tuesday.

The will involving one of the largest estates in the county makes provision for the maintenance of the school and for the construction of a hospital in Cameron, to cost not more than \$75,000 and less than \$40,000.

A. N. Green is made administrator of the estate without bond. Henderson, Kidd and Henderson were the attorneys for the estate.

The following are some of the outstanding bequests of the will:

The will which is a document of length makes disposition of an estate valued at approximately \$200,000. The will recites in the beginning the bequest of \$125,000 which was spent by Mrs. Yoe in 1919-20 for the C. H. Yoe High School building.

With the exception of about \$15,000 in money which is left to relatives and friends in sums ranging from \$25 to \$2,000 the entire estate is left

to the C. H. Yoe High School and the Memorial Hospital.

The second largest bequest is for \$15,000 which is made for the establishment of a manual training department in the C. H. Yoe High School.

A. N. Green, Dr. J. C. Reese and Dr. M. C. Sapp are named trustees of the entire estate and of all bequests. A. N. Green is made executor of the will without bond.

Dr. Sapp aside from a bequest of \$2,000 is made superintendent of the Memorial Hospital for his life time.

Provision is made for the sale of the Yoe home and of jewels owned by Mrs. Yoe, all of the proceeds to go to the funds of the estate to be prorated as per the bequests.

The Presbyterian church is given \$5,000. A student loan fund of \$5,000 is to be paid to the Charles Lawless Green fund.

One of the outstanding bequests of the will is 43 acres of land to be used by the Yoe High School to teach agriculture.

\$1.25 for 1921-22. The increase in the cost of the third or last year was due to a change in language books and grammars, the estimated cost of the new adoption being \$450,000.

No census rolls have been received from Cameron, Garza and Sherman counties and the city of Houston, estimates being made for these. The Sherman county court house burned, the school records being destroyed.

The total apportionment this year is \$12,926,580 against \$16,873,883 last year, or \$3,947,303 less this year. On the stump, Governor Neff said that his first recommendation to the Legislature will be that it appropriate out of the general fund sufficient money to supplement the available school fund to run the public schools the accustomed length of time for the coming term. In view of the materially reduced apportionment, it will be up to the Governor to make his recommendation, otherwise terms will be cut short, especially in the country, where the local supporting tax is not large.

### PONTOON BRIDGE ACROSS RIVER STILL IN PLACE.

Marlin, Texas, Aug. 12.—Preliminary work begun by the engineers in charge preparatory for loading the pontoon bridge for return to San Antonio was suspended Monday afternoon, pending decision by the War Department of the matter of removal at this time.

Judge Dodson had heard nothing today in addition to the letter received from the Eighth Corps Area commander, which stated that for the present the bridge would remain, and

no further action taken until the War Department is heard from.

Contractors on the new bridge began pouring cement for the foundation of the middle pier Monday. The excavation was carried to the rock, and before the concrete was put in, Judge Dodson, the Commissioners and a number of citizens went down into the pit and personally examined it to see that it was on the rock. The contractors are pushing the work as rapidly as good results will justify.

It is the desire to secure a permanent structure that will stand up, and the court is determined to have as good a job as they have contracted for, and believe they are getting it.

### DR. J. P. SPARKS OPENS NEW MINE.

The new Sparks lignite mine at Hicks, nine miles south of Rockdale, loaded its first car of coal Monday. This mine is located on the Lowe

Bros. land, and is being opened and will be operated by Dr. J. P. Sparks, of Rockdale.

The mine opens up an entirely new lead down there, with a new spur and new equipment throughout. The shaft now being operated uncovers a vein of very fine lignite six feet and three inches thick, at a depth of only forty feet.

Plenty of meal and hulls at the Oil Mill.

### PUBLIC SCHOOLS WILL RECEIVE TEN DOLLARS FOR EACH SCHOLASTIC.

Austin, Texas, Aug. 10.—For the ensuing scholastic year the public schools of Texas will receive \$10 for each child from the state's available school fund, this apportionment having been made today by the State Board of Education on a basis of 1,292,658 scholastics, a decrease under last year of 5,333 in the scholastic age, and a reduction in the allowance of \$3 per child. The present apportionment of \$13 for each child is yet unpaid, and it will be some days before all of it is paid.

An estimate of the income of the state school fund for the coming year is as follows:

One-fourth of occupation taxes, \$47,721; two-thirds of poll taxes, \$600,000; supplemental tax, \$58,833; delinquent taxes, \$569,156; insolvent,

\$52,023; penalty, \$14,333; depository interest, \$34,864; income from permanent taxetbook tax, \$2,668,837; total for 20c school tax, \$5,559,611.

Total available fund (estimated,) \$12,746,459.

The State Board of Education in controlling its apportionment took into consideration the state tax rate of 35c on the \$100 valuation on the estimated taxable value of \$3,349,760,000, which was a decrease under last year of \$15,240,000.

Proceeds of the 15c for textbooks would yield \$4,019,712, and it is estimated that only \$1,340,755 will be needed leaving \$2,668,937 to be used in the apportionment. To that is added the remaining 20c of the state school tax, or a total of \$5,359,616, making the grand total for last year of \$105,240,000.

The cost of textbooks per child actually enrolled in the schools was \$3.62 in 1919-20, \$1.19 in 1920-21 and

# TARIFF MEASURE IS PASSED BY SENATE.

Washington, Aug. 19.—The administration tariff bill, officially "the tariff act of 1922," was passed late today by the senate after four months of debate. It now goes to congress.

Senator Borah of Idaho was the only republican who voted against the measure. Three democrats, Broussard, Kendrick and Ranswell, voted for it.

The vote was 48 to 25.

Immediately after the passage of the bill, Senator Cummins of Iowa, president pro tempore, announced the appointment of the senate conferees, Chairman McCumber and Senator Smoot of Utah and McLean of Connecticut, republicans, and Simmons of North Carolina and Jones of New Mexico, democrats.

The measure will be returned to the house Monday with a formal request for a conference.

This measure, the first republican protective tariff to be passed in '23 years, became an even greater storm center in the senate than did the Payne-Aldrich bill of 1909.

Chairman McCumber of the finance committee, who piloted the measure through the senate, said in a formal statement tonight reviewing its provisions, it was estimated that it would yield more than \$400,000,000 in revenues during the first year it was in operation. This is half a million more than has been yielded by any tariff in the history of the country.

# MINERVA FIELD YIELD GROWING—200 BARRELS

The Minerva shallow pool in the center of Milam county is surpassing some of the older shallow fields in the State in production, according to the production reports published in many of the oil journals and Government reports.

The field in 18 months has reached a production of near 200 barrels daily, 53 wells have been drilled in and completed since February 1921, and the field was nearly one year old, before the producers had a market for their oil. With the entry into the field of the Owens Refining Company in the fall of 1921, the field has made rapid strides. The numerous wells that have been drilled and the vast amount of acreage that has been proven by out-

side capital has been due to the splendid service of the Owens Refining Co., pipe line into the field. This concern has a modern 1,500 barrel refinery at Minerva station, several miles south of this city, and have a net work of pipe lines connecting to all leases in the shallow pool.

There are some of the most modernly equipped leases in the State, which have modern buildings, power houses and storage. About 250 acres of proven territory comprises the field; the production is had at shallow depths and at a small cost to the operator, most of the drilling being done with cable tools, although the most successful drilling has been done with small rotaries.

Many of the large independent companies are operating in the pool, and one company, the Tidal Oil of Tulsa, a subsidiary of the Standard, is developing the Rountree tract in the south part of the territory. On the west side of the San Gabriel river some 80 to 100 wells have been drilled, with about 25 or 30 wells that are producing on the pump. One of the principle companies operating in this part of the county is the Texas Petroleum Development Company of San Francisco, under the management of John A. Lee, a mining engineer.

Plans are being made for the laying of a pipe line into this part of the field as soon as production warrants. The cut in oil recently has curtailed drilling somewhat, but is expected that before the late fall, an active drilling campaign will be started again.

# NEW KOSSE WILCAT MAKES 20,000 BARRELS.

Kosse, Texas, Aug. 19.—The crowd and excitement in Kosse continued today as a result of the bringing in two days ago of the sensational Humphreys wilcat gusher one mile north of this town.

The well though only a few feet in the sand, has steadily increased its flow, until conservative experts estimate its production now at around twenty-thousand barrels per day, which means that it is the biggest well yet brought in in Limestone county, the previous record being held by the Desenberg in the Mexia district, which came in a year ago at twelve thousand barrels.

The giant Kosse gusher, while still in Limestone county, is approximately 25 miles from previously proven territory, being some thirty miles south of Mexia, and thus opens up literally hundreds of thousands of acres of potentially gusher territory, since geologists have all along contended that Kosse is on the same great structure with the Mexia field and that production should be unbroken all along the structure.

Since Currie, in the extreme northern part of Limestone has already proven its worth as gusher territory, this means that Limestone county is now practically a proven oil field from north and south, a distance of some forty miles, and is thoroughly established as the greatest oil bearing county in the state or in the nation.

But probably the most significant phase of the new Kosse discovery is

the fact that the oil comes from an entirely new zone, at a depth of more than 3,700 feet while the millions of barrels of oil produced in the Mexia field have been taken from a stratum nearly seven hundred feet higher up. This new stratum conforms with a new well brought in at Mexia last week at approximately the same depth as the Kosse well, and, in the opinion of the talent, proves out the theory advanced some time ago that the real Mexia field has never yet been touched, and that all the hundreds of wells in that field that have ceased to flow can now be drilled a few hundred feet deeper and be reinstated as bigger gushers than before. If this proves true, and if, as now believed, the entire thirty miles of untested territory between Mexia and Kosse—or more properly, the entire forty miles be-

tween Currie and Kosse—proves productive at the new level, then the greatest oil field yet discovered in the world is in Limestone county, Texas.

# "CURRENT COMMENT."

# CAMP CONFERENCE IS A MARKED SUCCESS.

Belton, Texas, August 16.—The Camp Conference of the Young People of the Texas and Central Texas Conferences of the Methodist church closed tonight with a missionary pageant, after a ten days session at the Confederate park in this city.

More than fifty delegates from the Young People's Societies and churches over these conferences have been present during the session.

The three study courses, with lessons of one hour each for eight days, have been splendid ones. Miss Oscie Sanders of Houston, has directed the Bible study giving thorough and practical suggestion for systematic study of the Bible and for the application of its lesson to individual lives and to world work. Mrs. A. W. Hall of Weatherford, superintendent of Young People's work in the Central Texas Conferences has given splendid work of the Missionary study books, India on the March and In the Vanguard of a Race. Mrs. J. W. Spivey of Marlin, superintendent of Young People's work in Texas Conference has directed the course in Young People's work and has dealt thoroughly and interesting with the social service and church work and the social life of young people, giving many suggestions which can be carried out in the home societies of the delegates.

Vesper Services, lectures, pageants, recreation hours and stunt night have been pleasant features of the Conference.

The fine inspirational services of Sunday, August 13, were directed by Rev. C. T. Talley of Marlin. Five pledges were made for life service in mission work.

Welcoming reception, watermelon feasts, swimming parties and auto rides were among the courtesies extended the visitors while in the city.

The success of this year's work has led to plans to make the camp an annual event and to invite the Epworth League to join the Conference next year. A cordial welcome will be extended all young people of the state.

The delegates present from Cameron were Misses Clyde and Lena Bell Baskin, Ruth Coleman, Mary Sue Denson, Mrs. W. O. Triggs.

Miss Ada Lasater, Reporter.

## NOTICE TO THE PUBLIC.

The city of Cameron has completed the installation of playground equipment for the city park, also the construction of a concrete wading pool for the small children and believes these conveniences for the children will be greatly appreciated by the parents of the city.

It has been the policy of the administration to improve civic conditions as has been shown in the general sanitary condition of the city, the equipment and maintenance of the parks, purchase of property which has enable the slaughter pens

to be moved to safe distances from the residence and park sections of the city. In pursuing this policy the city believes it has served the people to the best possible advantage.

With the installation of this park equipment it is thought advisable to call the attention of the public to the necessity of rightly using this equipment which is primarily for the children. It is hoped there will be no abuse of the equipment which has been installed at great expense to the city.

It has come to the attention of the police department that lights are being destroyed in the park and that other abuses are being made of public property in the park and this will serve to give notice that in the future all cases of this kind will be prosecuted by the city. Abuse of the public property is punishable by fine and the law will be enforced.

The city respectfully invites a wide use of the playground equipment by the small children and suggests that parents accompany their children to the park so that they may enjoy to the fullest extent this equipment which has been installed for the exclusive benefit of small children.

Very respectfully,  
J. B. WHITE, Mayor.

## JOHN WORLEY CAPTURES DISTILL AND OPERATOR.

Deputy Sheriff John Worley "caught a fish" last Saturday morning after "laying for him" for about forty-eight hours altogether. John says he suspicioned Leonard Stratton was making liquor out on the Gabriel sometime ago but could not get thing "just right" until Friday night when he crept up to the place where the still was located a few hundred yards from the Stratton home and stayed on the job until he saw Mr. Stratton replenishing the

fire and otherwise working around the crudely constructed distill, the boiler of which was an oil drum connected up into a "plum good outfit" of the 1922 model.

Worley saw Mr. Stratton leave the "Pot" and go home and he waited for Mr. Stratton's return, but this never occurred, whereupon Mr. Worley approached the manufacturing plant and inspected the thing very carefully and withdrew from the scene. The next morning, Saturday, he again went out to see Mr. Stratton and accompanied him to Cameron where he was placed in the county jail to await examination. Mr. Worley claims the reward offered by the Ku Klux Klan of Milam county on the basis of their ad in the Champion last week. This ad offered a reward of \$25 for the arrest and conviction of any bootlegger in Milam county, and as far as the Champion is aware Mr. Worley is the first officer in the county to claim this reward. Let the good work proceed.—Thorndale Campion.

## YOUNG MAN, YOUNG WOMAN! MAKE YOUR OWN SUCCESS BE WORTH WHILE.

Let your own ability carry you to the top. But let us coach you in the preparation, for we have proven we know how. Don't start the climb without our thorough training in modern business methods. You will save yourself time and money by getting a thorough practical business education in a school with prestige and influence. Our courses are the most thorough complete and practical to be found, and are given in the shortest time. The training is worth months of effort,—but why spend months in another school when you can get it in weeks here. With the best and most modern systems of

business training known, their merit proven by the wonderful growth of our Institution with most capable teachers that can be had, and complete, up-to-date equipment in all departments, we will prepare you in a short time and at a small cost to take a position, which we will secure, that will lead to your success.

We offer you the opportunity. Will you take advantage of it? Your time and money spent in securing the business education we will give you will be the best investment you can ever make. Think! Act! You'll never get ahead by following the crowd that hesitates. The old adage that "Success comes to those who wait" is not true in these days. Success never comes,—it is always going. It is up to you to catch it, and do so you must prepare yourself. There always are plenty of positions for competent people.

Fill in and mail the coupon for large free catalogue and full information about our course and what we can do for you. We also teach by Correspondence.

your neighbor! A Cameron case:

A. S. Mosley, Travis Street says: "My kidneys were very irregular in action. The trouble was gradually becoming worse, when I commenced using Doan's Kidney Pills. Before long my back stopped aching and my rest at night was undisturbed. I couldn't expect any more pleasing results than I had from medicine." Seven years later, Mr. Mosley said: "I always recommend Doan's Kidney Pills to anyone I hear complaining of kidney trouble. I use them occasionally as a tonic and they keep my kidneys in good order."

## A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c

## NOTICE FARMERS

Our gins are all in First Class shape and are either now running or waiting for cotton to start running. We invite the public to come to our Number 2 gin at Cameron and witness the ginning of a bale of cotton and see the sample made of cotton after running through our new cleaning machinery. Take nobody's word for it but come see for yourself.

Prompt, courteous service.

**R. L. BATTE, owner**

## Cheaper Hulls

Owing to the fact that the price of cotton seed has declined I now offer the stock of hulls on hand at \$13.00 per ton. We had to ship in hulls and meal for the trade this year and these hulls cost us \$18.00 per ton, but the new crop will be much cheaper. These will be sold while they last at \$13.00 per ton.

## Hot Weather Saps Vitality

### Ironized Yeast Will Restore it Quickly

Do you feel all "dragged out"? Can't sleep? Appetite poor? Does ordinary mental or physical exertion leave you exhausted? Do you wake up feeling "all in"? These are dangerous symptoms. For they indicate that the heat is sapping your energy, strength and resistance, and leaving you easy prey for all sorts of sickness.

The thing to do, if you want to overcome fatigue, and build energy at once—is to take two Ironized Yeast tablets with each meal. Then watch the results. Before you know it that exhausted feeling will have completely disappeared. You will be able to tackle all kinds of hard work—and actually enjoy it. You will be amazed at the wonderful change it will bring. Get it today. To try Ironized Yeast entirely free simply mail postcard for Famous 3-Day Test. Address Ironized Yeast Co., Dept. 94, Atlanta, Ga. Ironized Yeast is recommended and guaranteed by all good druggists.

Mrs. Frank Lesovsky had as her guests a few days this week Miss Pauline Shrabaneck of West and Miss Eva Williams of Rosebud.

New season's hulls \$11.00 and meal \$2.40 at Oil Mill.

H. F. Smith who has been residing near Milano on his farm for the past several years, has moved to Cameron and this season is employed at the Weems Gin buying cotton. Mr. Smith attended the cotton classing school in Bryan this year.

## EVANS' Corner

This corner is devoted to business, politics and general news.

This is the last go-around in the run-off campaign. You (or we) are going to elect this Senator. We are going to choose between two men whose lives are as different as a black-eyed pea and a grey-eyed butter bean. I think I am right when Mayfield is my choice, and you know you are right when you choose Ferguson. Both men are confident of election. It is only a matter of how large a majority and sometimes folks are fooled.

I told you last week that I would have more to say about my Optical department in this weeks issue. First of all will say that I went before the State Board of Optometry, which met in Houston Aug. 12, and passed the required examination, making a very satisfactory grade. I have bought some good instruments for examining and testing eye, and will soon have them ready for use. Am having a room fitted up in the drug store for this purpose. We invite you to come to see us when in need of glasses.

Bring your watches, clocks and jewelry to me for repairs. We appreciate your patronage.

## GUS EVANS Jeweler and Optometrist

Geo. A. Thomas & Sons, Drug Store.

**Studebaker**

**Low**

**Special Six Touring**

**\$1275**

SAVINGS resulting from capacity manufacture are now offered to the buyer of the Studebaker Special Six. The new price of \$1275 is \$200 under its former price.

Studebaker reductions became effective August 1st after Studebaker had completed the biggest seven months in its 70 years' history. And at a time when Studebaker had 15,000 unfilled orders on hand! It is a Studebaker policy of long standing to share manufacturing savings with the customer.

The performance, durability, comfort and quality of the Special-

Six are recognized everywhere. And here's new proof of its endurance. Studebaker's sales of repair parts, covering accidents as well as service, for the first seven months of 1922 were less than they were for the first seven months of 1919, in spite of the fact that 186,000 new cars were sold and put into operation since January 1, 1920.

The Special Six at \$1275 represents a new standard of value—the greatest value Studebaker has ever offered, and that means a value that is positively unapproached anywhere in the industry.

Cowl lights; cowl ventilator; massive head lamps; tourneau light with long extension cord; rain-proof, one-piece windshield; windshield wiper; eight-day clock; thief-proof transmission lock; tool compartment in left front door.

## W. A. NABOURS.

Saturday, August 19, 1922, Mr. W. A. Nabours died in Temple, Texas, after an illness of two weeks.

From the home of his son, Mr. Jerry Nabours of Cameron, funeral service was conducted by Rev. Ira F. Key, pastor of the Cameron Methodist church were held at Salem church, of which the Nabours family for many years had been faithful members, followed by burial in Salem cemetery.

Cameron Lodge No. 56, I. O. O. F. had charge of impressive ritualistic services at the grave.

W. A. Nabours was born January 30, 1839 in Mississippi. He came to Texas at the age of ten years with the family of his father, Rev. Jeremiah Nabours a Methodist preacher.

In 1873 Mr. Nabours was married near Cameron to Miss Eliza Zellner. Four children were born to them all of whom with their mother survive. They are Mr. Jerry Nabours of Cameron, Mrs. E. L. Woodward of Santa Anna, Texas, Mrs. C. A. Edwards of Three Rivers, New Mexico, and Mrs. Dave Robinson of Temple, Texas. Besides these, seven grand children and two great grand children are left to mourn the loss of their grandfather.

All his children were in family reunion at the home of Mrs. C. A. Edwards in Three Rivers, New Mexico when Mr. Nabours was taken sick. After a few days illness there he was brought to Temple where he died on Saturday at 6 p. m.

His passing is sincerely mourned by a large circle of friends. His long life of faithful citizenship and devotion to duty has been an inspiration to many and the influence he exerted will continue to live.

In his suit of Confederate Gray he was a familiar figure at the annual reunions of Hood's Texas Brigade of which he was a most devoted member. His wife always attended reunions with him and their absence will be keenly felt by the thinning ranks of that noble and historic band of brave men who left Texas at the first call for troops in 1861 and by their courage and valor made the history of the Southland so brilliant.

Mr. Nabours was not only a maker but a preserver of those priceless recollections, having contributed to several Southern Histories from the treasure home of his memory.

In the Confederate Veteran of Feb. 1916 was published an article written by him, "Active Service of a Texas Command," in which is recounted the organization and service of Co. B. 5th Texas Regiment, Hood's Brigade, of which Mr. Nabours was Second Sergeant. He served bravely through the four years of war and was one of the ten members of the Confederate Company that left Cameron in 1861 to surrender with Lee at Appomattox. His surviving Confederate comrades in Milam, L. W. Miller and Elbert E. Pool.

Mr. Nabours enjoyed the utmost confidence of the people of Milam county as was proven by his long years of public service. He was for twelve years County Treasurer retiring at his own volition in 1910.

Later he lived in West Texas to be near his daughters. His last home was in Santa Anna, Texas, with his grandson Lee Woodward, who keeps alive in his name the undying devotion of the Southern soldier for his famous chieftain.

Mrs. Jeff T. Kemp.

## CARD OF THANKS.

We wish to express our thanks to our friends who were so kind to us at the death of our father and husband. Also for the floral offering which was given. The kindest feeling to each of you will ever be in our hearts.

Mrs. W. A. Nabours.  
Jerry Nabours.  
Mrs. E. L. Woodward.  
Mrs. B. M. Robinson.  
Mrs. C. A. Edwards.  
Lee Woodward.

## CAMERON WATER TEST.

The following text dated August 22 is reported by J. T. Robinson of Temple, on Cameron water:

Raw Water—	
Bacteria per CC	22,000
Colon Bacillus	Yes
Treated Water—	
Bacteria per CC	38
Colon Bacillus	No
Temple Treated Water—	
Bacteria per CC	22
Colon Bacillus	No

The officers and members of both the County Farm Bureau and Cotton Association of Milam county met in Cameron Saturday afternoon in the District Court room and made arrangements for the putting on of a cotton sign-up campaign in Milam county, for the next three weeks.

W. C. Proctor, district manager of the campaign drive for this district made a strong appeal to the membership in behalf of the Cotton Association and co-operative marketing. After which several short talks were made by the members from different parts of the county, indicating a keen interest in the organization, and offered their assistance to help put the drive on, and to make Milam county one of the leading county's in the Cotton Association. This is our organization, our commodity and our business, and it is up to every man who grows cotton to do his part in this struggle. To put his shoulder to the wheel and help put this over in his county.

Suppose that the War Finance Corporation were to cancel their Loans with the nine different State Cotton Associations, representing \$50,500,000. \$9,000,000 of that sum of money placed to the credit of the Texas Cotton Association, where do you suppose your good cotton market of 22c would be in 10 days?

Who made this possible for you to get 22c for your cotton this season?

Fellow Farmer—It is this organization. Then why not come on and help out the 20,000 farmers in Texas to raise the price of your own stuff. There is not a fair business man in the county but what would admit it is the only route for us. Then why not take hold and do in one year what we will be five years doing, if we wait for the other fellow to do our part and his to.

C. O. Barnett, County Director.

R. T. Littleton and Guy Tidwell of Gause were in Cameron Monday on business. While in Cameron they were callers at the Herald office. Mr. Tidwell is the Mayor of Gause and is engaged in the lumber and hardware business there. Mr. Littleton is in the real estate business.

SUGAR! SUGAR—Will sell 14 lbs. pure granulated cane sugar for \$1.00 Saturday, August 26th. Limit of one dollar to customer.

GILES L. AVRIETT.

## NEW FALL ARRIVALS

Our buyer back from the market centers of the East, is closely followed by shipments of New Fall and Winter goods in Wearing Apparel for Ladies and Misses introducing the new Coat Suits, Dresses, Coats and Shoes.

Never before in Merchandising history has styles been so emphasized in the season's creations as this year or has the range of selection in fabric and color been so varied as in the shipment just arrived at this store.

Economy is the dominant feature of the Fall and Winter Clothing. Never such values as will be found in the first showing of authentic apparel at this store.

In this opening announcement we present only a few of the larger shipment of new goods. New shipments are coming every day so if you wish to get your fall and winter Dresses, Coat Suits, Coats and the like while the picking is at its best, come early. Don't let anything keep you from this store. You are entitled to the best and we have brought back the best for you.

## NEW WOOL SKIRTS.

## Ladies Dresses

Just as pronounced in newness in design and color is the 1922 line of fall and winter dresses for ladies and Misses of which our buyer has brought back to our store a gorgeous collection. There is a dress for every fancy and figure in this new fashion display from the East.

In Fabrics they excell all creations in Fashion History. Canton Crepes, Satin Back Crepe, Tricotine, Poriet Twills, Duchess Satins. Here are some of the new colors:

Brown.  
Pebble.  
Creme Romaine.  
Matzeleth.  
Bever.  
Coffee.  
Black.  
Navy Blue.  
Henna.  
Tiger Lilly.  
Lark and all the New wanted Shades.

These dresses are featuring the New Sleeves so astoundingly popular as the season's creation. They are gorgeously trimmed in Silk Fringe, Beaded, Embroidered featuring the new Grecian and Oriental trimming creations. The predominant feature of these dresses may be said to be their unique colors and the Uneven Lines about which you have read so much in the Fashion News.

**\$5.95 to \$49.50**

## THE NEW FALL COATS.

The New Colors and Fabric featured in the Ladies Dresses and Suits are equally in the Coat Creations for Fall and Winter. Just received a small shipment of Coats, others coming in every day. Look Them Over Early.

The New Sport Hats and Sailors will find a large place in the wardrobe of the well dressed woman this season. See the New Hats.
